June 10, 1976

TO WHOM IT MAY CONCERN:

This letter is written on behalf of George Philip Blakey, a young man whom I have known now for over five years and in whom I have the utmost faith in character and ability.

This letter is to certify that upon his arrival in the United States, he will have a position of employment awaiting him with Valley Enterprises. Such position of employment includes:

- 1) General construction duties,
- 2) Operation of heavy equipment,
- 3) Specific working knowledge of both temperate and tropical geographical areas.

As long as Mr. Blakey is in the United States, Valley Enterprises shall guarantee his sponsorship.

Thank you for your concern and attention in this matter. Very truly yours,

Honorable Don H. Clausen House of Representatives Washington, D.C. 20515

Dear Congressman Clausen:

I write in response to your letter of June 8, 1976 concerning the application for a returning resident's visa for Mr. Phillip Blakely. Your assistance was requested by your constituent Ma. Jean F. Brown.

rg. Blakely will need to present only police clearances for the period of his permanent residence in the United States and his subsequent residence abroad. In addition he should supply a statement of his employment in the United States or evidence that adequate financial resources will be available for his support. Once we have these documents we will able to process Mr. Blakely's returning resident's visa application to a conclusion.

If I can be of further assistance to you in this or any other matter, please do not hesitate to contact me.

Sincerely,

Wade H.B. Hatthews Charge d'Affairs

Dear Sir;

I have known Philip Blakey for two and a half years and I have known Mr. Blakey to have experience at sea in that time on a shrimping travler. He is capable of handling a vessel proficiently.

I know Philip Blakey to be of sound character and very reliable.

Co-operatively yours,

Garry 8/10/78 Report from Jean

1. Ramirez. Said he called this morning to talk to Ramires, and that he was "friendly." Mentioned to Charles he wanted to meet Laurie Efrien, that he was impressed with her informative letters. Vants to come by

to see P.T. in San Francisco, see the building and programs. Wants to talk to Vee and Florida, did not mention Dotsons. Charles set a tentative meeting with him for Vee, Florida, and himself in Los Angeles for September 1, 10:00 AM.

Charles opinion that there is something to be gained by talking to him, to having him to see P.T. "As long as we can keep him talking, we can stay on top of it." Charles would also like for him to meet and talk with Mac. This is still undecided. Not an immediate business. Mac, of course, will state his truthful and complete denial of everything which might be contrued as wrong-doing. which might be contrued as wrong-doing.

- 2. He was upset that Hallinan had filed the letter he did, addressing it Mr. Garry. Said Pat has taken an antagonistic position, and he does not understand why. Wants affidavits for the preliminary injunction, they will probably be sufficient. Wents to talk to Chaikin, wants an answer on our decision whether Waria to appear for depositions. A lot of the particulars were let go when it was decided he should go to Jonestown and settled on a tentative schedule of September 7 - 16th.
 - Kay mentioned that Jimmie Nelson had asked him why Medlock was doing all this because he had overheard Medlock virtually beg Kay Nelson to take the listing on his property. Sheould we consider taking Jimmie Nelson with us to the D.A., Charles asked? (He does not know the background of hostility in face of Kay's absence??)
- Re. Mac staying around here, Garry reiterated that he needs mac in court, that he makes a tremendous impression.
- Wants affidavits from any and everyone, both here and in Guyana, who can state (in court, if necessary, though he does not want to have to bring people back and would rather choose people who are here to show in court) that TOS had functions as general counsel for the church. Anything to witness he solicitied any of the cases? That he had direct dealings on the Medlock or Cobb or Katsaris suits that they can testify to. June and Jean should schedule perople from the congregation who would be able to come and talk to Nancy and Pat re. Stoen's involvement - either as general counsel or as personal attorney as church attorney. Wants affidavits from anyone who might have been in bux on Medlock property: consultations where TOS was involved.

6. Interested in having Guy Young talk to George. Wants Guy to get an attorney in Reno, will talk to Guy and help him get an attorney -- told him not to worry. Wants to get it documented that TOS talked to Guy's ex-wife and trying to get Guy to quit the church to see his child. | Said that in the Walter Duncan And aafidavit TOS had perjured himself egause he admitted a vendetta to Duncan and W.D. will testify to this in court.

8. Will write the court (or call Hallinan, not sure which) and ask that the September 7 date be put over to October sometime. This regards the Stoen injunction hearing. Then Garry can go to Guyana, plan his responses.

- 9. Garry needs a full schedule of plane routes through NY and through Miami so he can plan his trip right away.
- 10. Archie to come in and talk to Nancy andPat originally set for Friday, but changed to Tuesday of next week.

INTEROFFICE MEMORANDUM

₹•	Attention of	Dete
DAD	Subject	<u> </u>
Frem JEAN		

One point I have not written and still am hesitant about is with something that happened right when Debbie Blakey was leaving here and Teri was arriving back. I have told Teri this and yet I still am not sure my judgement is correct. Here it is, for what it is worth.

Debbie and Leona had an enormous conflict. It was always Leona's fault, at least as I heard things from Debbie's side. But as it became clear Debbie was going over, suddenly her "conflict" with Leona ballooned into an all out war, again from Debbie's point of view. Several times a day I would hear wild stories about how Leona was trying to get into the finances or how, when Debbie was gone, we should all look out for Robin because Leona was going to "kill" her. At the time I thought it was overdone, over dramatized on Debbie' part. My inclination was to think that she felt guilty about going over and leaving us, especially Robin, here with the responsibility. And so she built an huge case to rationalize, in her own mind or for the rest of the third floor, why she had to go.

My logic breaks down here, becuase I can't figure why building such a case would be likely to insure her trip to Guyana. Maybe it was just over-excitement. I know that when Teri returned Debbie made it very clear to me that she wanted to pick Teri up alone at the airport. I consented and Teri tells me Debbie painted a picture of a terrible race situation about to break out in the Temple. True, things were bad before Marcie especially got back. But I can't help thinking that Debbie played her part in fanning this thing with Leona. I am slow to credit Debbie with that kind of manipulation, but in the back of my mind I think it was the case. It is a serious thing to say, but the thought remains there and I keep coming back to it. (Again, maybe Debbie just couldn't handle Leona's hostility. And she DOES have it. I don't know how I would handle it either -- as of yet she has not targeted me.)

I am reading a book now which I tried to read several years ago and had no understanding for. Now I am inspired by it: Reminiscenses of VL by Krupskaya. It came along at a good time. I appreciate the perspective. I am moved by a deeper understanding of life by principle and see us, you, working it out all over again. I am committed to this struggle. Thank you for the opportunity to live life by principle.

Your daughter, Jean

REPORT ON CONVERSATION WITH CHARLES JEAN 5/18/78

He started off evaluating the suité by saying he had told us to ignore these bastards, that they had run out in the press. Had advised us to rise aboe and go on about ex our business.

"I don't like it. Accuse oa guy of incest. Bad enough to quote her. If Ingram has been properly quoted, she made a serious mistake. It is libelous. "

Mac said, "What if it's true?"

"If it's true, that's another ball game. But how are you going to prove it? It is her word against his. Besides, if it is true, the charge against the Temple is a malice. You published with intent to hurt. Punitive damages. The element of malice is an important aspect of it."

He wanted to know if SB had taken it on herselg to xxxx respond, or whether she had been officially speaking for the church...was she told to say that? I said I didn't know.uxiguum)

"This opens pandora's box. Records and all. Stoen cannot be the attorney because of a conflict of interest. Confidential stuff he was privy to:...But this is entirely uncalled for. You gave him solid ground for a suit. He can stay in business with this. He can probably contest that this is a separate matter, not relating to anything he was privy to as Temple atty. Or, he could easily get another attorney to do it. This is why I have never filed anything, though. This opens pandora's box."

Mac asked about freezing assets.

hold assets on a likel suit.

"No, not possible to describe at this point. Have to have a judgement first."

At first he said SB should get over. They he said no, that causes too many headaches to have someone over. She should stay under house arrest -- meaning she is absolutely not to get served. We will have to disown her role as official Temple spokesperson."

Re. Stoen, he said: "This is very frowned upon, what he is doing."
He asked again for the Ukiah Daily Journal article. He does not intendt to press charges against Stoen, but in a lawyer-like manner to go after him. He said, "I am not going to let this little shit-ass piss on us. Possibly can get him thru the State Bar, challenge him in court. Put TOS on witness stand and inquire about his state of mind (he used some legal term to describe this process.)

Mac asked about the time g frame. He said he had 30 days to respond after the official service. Pissed at having to go to Mendo County wehere he is out of his element. Talked briefly about having it changed to Sonoma or S.F. But since we mailed the stuff out all over the state, we are just as likely to have to stand in Mendocino County.

TO: JEAN BROWN FROM: FAULA ADAMS

- 1. The radio interview done with the Ministry of Information has never been broadcast. We were told by GBS radio station that the reason was because the program "Kural houndup" which the interview was to be aired on, has had producer problems. They have the interview, but no one presently to edit and escee the program over GBS. Staff shortage of m radio program ensees at the station. We are going to try to track down the Ministry of Information officer who did the interview and ask him if it will go on another problems (Freudian slip) program. He tours the entire in W.B. so it might take some time to locate him to talk to him.
- 2. Max Krebs, the U.S. Ambassador here, is retiring from the foreign sersice. He will be leaving Guyana about June 15th to go into retirement. I don't know where he'll be going but if you send a p.r. letter to the U.S. Ambassy here, they'll forward it on to him probably. Thank him for his interest and assistance to our mission here. Also mention about what a less it is to lose Hrs. Krebs(Esther, as the chairwoman of the American Women's Group(which P.A. and Deb are members of). She(Ars. Krebs) has actively participated in humanitarian cases of need (thank her for something like that). She was active in "charity" work.

3. P.R.-

Mr. haurice King Fermanent Secretary Ministry of Agriculture P.C. Box 1001 Georgetown, Guyana

Haurice King was recently appointed the new P.S. talk taking bertie Orderson's place. This is the top administrative post in the ministries. The minister is a political appointment, whereas the P.S. handles most of the ministry's business. We are in constant association with the P.S. of the Einistry of Agriculture. bertie Orderson was a great friend to us when he was in that post. I hated to see him leave. Bertie is now the secretary to President Chumg. It is sort of an interim appointment; not a promotion. He is going into the foreign service; se I've heard) and may join Claude Worrell in Washington. Bertie and claude are good friends, anyway. I hate to see our two finest friends out of the country, but what can we do? If you ever have Orderson in your cempany, you can talk straight with him and keep in mind his many kindnesses and friends. He is a teacher by profession and loves that field, but his loyalty to Frime Einister Burnham and belief in a socialist philosophy/economic order took him into government service. He is writing(ar at this stage, may still be gathering material)a book on Prime Minister Burnham. Ironically, as it is, Bertie and V.H. are good friends too. V.H. and his commitment to himself; and Bertle and his commitment to Guyana. The edd couple.

Back to the subject, write a congradualtory p.r. letter to Maurice Ming. He is a highly qualified man, very efficient, and well respected by members of P.T. in Guyana. We have always been impressed by and grateful for the cooperation and assistance the Ministry of Agriculture has given our agricultural project.

4. Your last comment in that short note attached to the back of Mike C's letter: "In regards to sending pictures to Dr. Reid, it was mentioned that it sounds like he has seen the truth, and that he is close to Worrell."

I've looked over my letters and I don't know what this is in reference to.

The pictures I wanted of theefarm to give to Dr. Reid(if I am guessing correctly at your frame of reference) was requested by Claude Worrell as a duplicate layout that C.W. was going to use to get a news article published in the newspaper here about us. He thought courtesy necessitated Dr. Reid get a duplicate set. Or, if are you referring to the photo album and not the pictures? If so, I understand.

- 5. I just got a letter from the Social Security administration stating that a check for \$3,012.60 is being sent to Jackson's fer back s.s. between March, 1975 and February 1976. I already have the \$424.50 check. Do you want me to send it back there, open an account in their name with Jeyce and I as the power-of-attorney's, or just have Joyce and I sign as their powers-of-attorneys and take the money in cash. The Jackson's, of course, don't care how we do it for them, althoughtx they would like to avoid having it sent up to the interior for them to sign. The back-pay check is also being sent here. Are you going to change the address to a deposit account up there? Let me know.
- 6. The radio in Georgetown is broken down. It must be raining quite a let up there, because I have been waiting for them part to come from the interior, but it hasn't been sent yet. Anyway, we've called G.A.S. several times and nothing has come in for us yet.

6. R F.R.-

Dr. Sirpaul Jagan 199 Charlotte St, Lacytown Georgetown, Guyana

Thank him for him kindness in taking our members quickly in his dental office. Whenever we have people in from the interior on a tight schedule, he will try to take care of all their dental needs as quickly as possible. He said he would try to wire Jan's teeth together (but we have not had any need to do it since Jan has been staying on her diet). None of the other dentists we talked to would even try. He is Cheddi Jagan's brother although Sirpaul is quite different from his brother. 1 have heard that Sirpaul makes more money playing poker or gambling than in his flourishing dental practice. Sirpaul does advocate his brother's literature in his office, but I don't think his support goes beyond blood ties. Blood ties among East Indians in Guyana are very tight normally and I imagine their relationship isn't much different. Anyway, I've never heard anything different and Cheddie takes Sirpaul's practice when Sirpaul is out of the country or on vacation. Cheddi is a dentist also(I'm sure you already knew that). From this brief background, I'll let you decide how you want to handle this. I have mixed views as to just how far to go with this. I would like to have him see some of our literature on our humanitarian programs, but I don't know if we want to chance him being in possession of it. However, he could easily get literature from anyone who might be on our mailing list.

Speaking of Cheddi Jagan. Today he was officially eworn in by the President of Guyana as the Leader of the Opposition. This supplanted Fielden Singh. We may at some later date want to get a letter of introduction to Cheddi Jagan from Dr. Carlton Goodlet, when Jagan is more firmly established to be supportive of the FaC government. Jagan is back in Parliament(he couldn't be leader of the Opposition in Farliament if he wasn't) and rumor has it that he may be the new minister close to our mission's "agriculture" program. I have no more than hearsay to go on. Will let you know when I read it in the Chronicle.

He is sarcastic and cynical about our group and us getting a DC8 jet. He is Fortuguese and Black, with emphasis on the former. He took time out man to be nasty to us. Deriously, thank him for taking time out of his busy schedule to takk with us and giving us information and assistance, which has been of great use to us. Tell him about our

humanitarian and activist activities in the U.S. I think he is catholic, but he has given me the impression that he doesn't like churches (which may account for his cynecism). You might mention racism in the U.S. and how nice it is here@although I'm not sure if he'll be moved). Ly previous experience with him before the first charter came down was that he didn't like evangelists and didn't want to grant a charter of holy rollers to come in. I assured him that he had us all wrong, that we weren't evangelists coming to proselytise, but rather, humanitarians who were concerned about the world food shortage...then...we had the healing service fiasco, with all of the sensational publicity. I think that is what he is cynical about. He probably thinks he was deceived. I have spoken to him, but he remembers what he wants to. I think in the future, it should be a man that deals with him, because he has no respect for women(in the sense that they have any brains)

TO: JEAN BROWN FROM: PAULA ADAMS

SUNDAY, MAY 23, 1976

Dear Jean,

Thank you for the considerate letter. It surprised me that you apologized. For what? I know you are pressed for time and I have not been under any paranoic delusions that you aren't attempting to respond to my reports or requests. Knowing Charlie read your letter to me (it was on top of all of the mail on my desk without envelope when I returned from Jonestown), I was relieved to see nothing in the letter he couldn't read. He made an unplanned trip to Georgetown which I shall mention below.

This is the weekend of the Spiritual Jubilee with Muhammed. I am anxious to hear about it. I am sure it will be a smashing success as no one but Jim could make it. I hope it brings even more cooperation between different avenues. I with I could be there, but will wait patiently to hear about it. It sounds as if Jim has absolutely no time for rest at all. This isn't sounding the way I want it to, so suffice it to say that we miss him very much, but appreciate his consistent demonstration of principle.

I wish to apologize to you for my curt and nasty attitude on the radio acut the typewriters. You have done nothing to deserve that from me and I had no right to acti as I did. I would like the portable to be electric and the long carriage one can be manual. I am disappointed in the quality of the typewriters sent to us so far. The Koyal electric was a terrible choice (D. Wise made it). Karen L. said Tim C. had one just like it and it gave him trouble all the time. The IBK selectric was a dream and worked beautifully until a certain b....d assisted it in being smashed to bits. The electric Smith-Corona portable works all right except the period sticks (which it did in the U.S. according to 5.5. when she brought it down to me) and now other letters are starting to repeat as well. It needs repaird before it is too late, but I don't have a relief BB-S-e-1

typewriter and can't possibly be without one for one month to six weeks, which is how long it will be in the shop. Joyce said there have been three sent to Jonestown. None worked well from the start. I take that back, one of them did. The other two barely worked and did died almost immediately after arrival. The one she is using which is giving trouble now, she likes real well, but she is in the same position as me. It needs repaired, keeps getting worse, (because she has no replacement typewriter) and she can't do without it. Here is a portable manual, but heavier than most. She wants a very heavy duty manual or electric. I don't think she cares as long as it is heavy and reliable. (she has strong fingers and really hits the keys)

On to other business...

- 1. Attached is the social security informantion sent for Jackson's. This is not retroactive, nor is it being deposited to an account for them there.

 This may be the response to their application sent in some time ago by me.

 When we got no response, you took over(not to take m away from the fact that I was thoroughly stupid-for not making sure it got processed from your end long before I did).
- 2. The p.r. flyers which I listed in that one letter are the ones I need.

 I am using them more in p.r. now than before. When I meet someone, or haven't seen them for some time, I give them a p.r. set of leaflets. It saves time if I'm in a hurry,; and also gives persons I don't have time to talk to at all some kind of background of the group and of our example of integrity so consistently demonstrated. I also send them out in letters of interest or to persons writing asking for healings (the letters I forward on to you). The ones I asked for large numbers of are for general mailings (if o.k.ed by you there).

 If not o.k.ed, I indicated a quantity for simply p.r. use.
- 3. You mank can tell Wanda that toys cannot be impossed here. They are encouraging local production of toys and have therefore restricted importation. & 6.5.

 Actually, an unsolicited gift like that could maybe come in(I'm not sure, though),

but I don't think it would be fair to the others here because they do get equal birthday presents from Our Friend and also sending an individual personal gift would be taking away from that and making the individual more impostant than Our Friend. I don't know if Wanda is reasonable enough to see that. If not, tell her they are banned items. To clarify for you...if toys were part of family personal effects(ased) shipped with several other things, they could come in, but not alone.

- 4. The radio strategy would have worked fine and everything was straightened out as we planned,...but...my equipment was faulty the first time, so I replaced the experiment using a different approach and that time I had a faulty battery. I was concerned that a third attempt might make things worse than they already were. I am thoroughly disgusted. The machine worked fine when I tried it amforbaand and the battery was fine last time I had used it. I hope that the man MIke called will be able to help.
- 5. The flyers that corrections were made on to send out were not mailed in time.

 I am quite angry about the whole thing and can say no more than "Charlie, you forgot to mail the flyers". I was going to come back to Gesngetown early enough before Indépendence Day to give the mailers enough time to arrive(it takes seven days for something in Georgetown to reach someone in Georgetown). Charlie said he needed to go to G/tn to get some boat part because the trawler can't go to G/tn until something gets fixed. It seemed needless for me to hurry back to town when the flyers were all ready and only needed mailed, so I asked C.T.

 to mail them for me just as soon as he got to town. He did not do so and when I got to town, they were still sitting on the bookshelf. I do not like to have to come into G/tn unless necessary, but I don't have faith in anyone's followthrough here. Something more important can always come up and it is simply a matter of perspective as to what is the most important. Obviously, to him the flyers lacked the necessary importance.

- 6. Charlie came into G/tn for an urgest boat part and the boat is not even scheduled to make any trips for quite some time, so I think it was simply an excuse to go to G/tn; and especially at that imparticular time --- I wasn't in Georgetown. I am quite disturbed at C.T.'s choice of travel buddy: Jeff. Bendmade a good point about no male or males should be alone in G/tn. Also, C.T. has absolute check signing privileges (ask Helen for details) and I don't believe Jeff give has changed, but is rather manipulating (which is o.k. as long as he is at Jonestown and works well). R G.T. gets negative so easily and then lets things get exaggerated in his mind. Joyce can handle those moods pretty well, but Jeff is not Joyce (what an understatement) and I thank heshould add to that negativity. Jeff is very devisife. Anyway, I don't think we should let anymore situations like that happen. If that means me coming back early, I think I should. LThe peace with Charlie in town was beautiful, but I don't trust him without someone to watch him when he is in town controlling money of P.T. and there are only three persons I would trust to watch him: Joyce, Debbie, or me.
- 7. Joyce and I discussed; Debbie and I staying in Jonestown more often and transferring all of my files and correspondence materials there. I think this would give us an opportunity to spend more time there. The problem with that idea right now is that we have me place to work. The office is not really an office at all. It is, rather, Charlie's domain and we would cause a number of problems working there (Joyce and I both agree with me that). We cannot have a building built and called an office or that would threaten Charlie also, so what we thought we should call it is a "files and correspondence" building. We could just build one of the regular buildings and section off a part for use as an office. There are a number of suggested buildings to go up and if the program could get speeded up and one of those buildings go up right away, we could move a great deal of general work out there, but I don't want to do it until we have some place to work or it will get backed up too far. (Debbie

has straightened out the mailing files, which alone I had not gotten around to), but there always seems to be work to do on them and I don't want to let them get in disorder or out-of-date. Debbie needs to spend more time with Nike so we need to get this in motion right away. Joyce is going to approach Charlie about it, but want to keep you informed what we have in mind. There is another consideration which will have to be discussed and guidelines considered from your end. That is, that once in the interior we are cut off from everything. We don't even get the news up there. I have no way of following trends (because auch of that is from conversations rather than newspapers), but perhaps I am overestimating my importance in that area. I don't know. I will not be able to do either p.r. or visitations (religious) --- which neither to regreat getting away from, but how necessary are they. Of course, I would still have to come in for customs or odds and ends of work now and them and could take care of some of those things while I am in town, but that isn't with any kind of regularity. I am really in a corner. I feel guilty not being in Georgetown doing my work and I feel guilty not being in Jonestown to help with the evergrowing amount of work there, as well as making it possible for Debbie to be of help to Mike.

- 8. You asked if I received a p.r. package awhile back. I need more specific information to answer that. When? What was in it?
- 9/ The letter to Llewelyn John is not necessary now as I'm fairly sure the matter has taken a different course, however, I think suspicions are lessened when people know what you are doing and if (beings we have met him) we do send him a greeting card now and then just to let him know how much we love Guyana and how we are working hard to assist the FCH program and how much progress has been made, I don't think it would hurt. If something ever came up in the future, perhaps it could be avoided. You can decide there what you want to do with it. I did not want a gift sent to him (that would be a bit too much) and I don't remember requesting a gift to be sent to J.Leila either. I do thingk a card should be sent to Leila, thought.

RETURN TO THE SOIL

After years of thinking, planning and dreaming appreciation of Brooklyn Education Institutions (UHURU ASA - AL KARIM Schools) is establishing a Farming vestock cooperative in the Cooperative Republic of Guyana, bouth America.

"Why South America", you ask? Well, we wanted to be able to live and progress outside of the U.S. influences and tentacles. We found a friendly country in Guyana. A country moving in a progressive, modern, flumane direction. The Prime Minister, Honorable Lynden Forbes Sampson Burnham, has declared the objective of the nation of Guyana to be "Make the small man, the Real Man". While he has avoided the 3rd world rhetoric of many leaders today, he has set goals and objectives for the Guyanese people which provide the populace with a sense of hope and direction. (Feed - Clothe and House the Nation)

Guyana is also an excellent place to put to the test our theories about self-reliance and sacrifice for the struggle. The country, which lies on the northeastern coast of South America, while experiencing tropical weather has none of the tourist trappings of the islands. Except for a sliver (about 10%) of land along the coast, the remainder of the land is unsettled, fertile, unexplored, just waiting for a new set of 21st century pioneers.

Folks who have the adventuristic, creative, pioneering spirit and feel crammed up in the inner city, campus high rise and other unnatural circumstance for full complete development, here's your chance. The main attraction is land and to call to those who would demonstrate all the things we said we wanted to be about in the development of 'a nation'.

We'll be away from America. The Guyanese government will provide us with proper credentials and be our host. They don't want to engage in verbal warfare but they are anxious to see if the Black Powerites, Pan-Africanists and other revolution-minded vocalizers from America are only talking about change. In the Sixties many of our young Black radicels went to Cuba on the Venceramos Brigade to work and study in Cuba under the Castro Government. This experience, while it was for the most part positive, was still under the domination of whites. Cuba has not resolved the question of self-determination for its Black masses, even under socialism.

This project is sponsored by Africans and with the comparation of a friendly Black government. The Burnham government recently held a full day of recognition for the African Uberation Movements and contributed \$100,000 to be O.A.U. Liberation Committee. The Burnham record for progressive activity internationally and domestically makes him rank highly among the progressive African leaders of the world. So we are safe and our presence will be appreciated and

respected.

We want to make it clear that while we are planning on success we are not planning to make any individuals rich. If the project is successful we will have established a Cooperative farm of over 300 acres with livestock and other facilities. This effort will be cooperatively owned. (Owned by all those who work)

We are welcoming the enlistment of anyone with vision, courage and initiative. We don't care about your past, your sex, your I.Q. or how you look. If you've got vision and can dream, have the courage to support your convictions and believe that god helps those who help themselves, than you may be the kind of person we want.

The following prospectus of the project was presented by our correspondent who is located in Georgetown, Guyana. Read it carefully and if you're interested write for an application.

Return To The Soil - Farm And Livestick Cooperative '
by Bro. Badi

In September 1971, after having worked for three of America's large corporations and having suffered enough from their total European value systems, capitalistic manipulations, the American dream scheme (like so many of our Brothers and Sisters who are still trapped) L was made aware of the EAST/UHURU SASA SHULE, INC. 10 Claver Place, grooklyn, New York.

After having made several visits to its school and Afrikan Cultural shows on weekends, I began to find a new spirit of hope rising in my head. I could not overlook the need for direction, purpose and values practiced in such a troubled time for Afrikan people in North America. It didn't take me long to become totally involved in the struggle for Afrikan survival in the Brooklyn Community via the EAST Cultural shows (some people call it "Jazz"), EAST Restaurant, B LACK NEWS, Afrikan Book Store, EAST Distribution and Publication and mostly the Uhuru Sasa Shule which is actually making a serious and well planned effort to reshape the minds of our youths at an Afrikan school for pre-school, elementary and secondary medication.

I was able to visit Guyana in 1972 for the first time, when my head was again opened. Guyana is a country that is seriously challenging thru socialism the systems of colonization and neo-colonialism. You can say it was love at first sight. But there I was feeling new found hope for the struggles of Third World Peoples via Guyana.

Upon my return to the State(a) (of seige), we decided that we would again in 1973 sponsor a tour for serious students who wanted to visit and see Socialism being developed in Guyana. he plans that followed were difficult. We made another visit to Guyana to outline and confirm a schedule of events for our excursion, two months prior to the trip departure. We received not only a warm welcome but the full cooperation of our Guyanese Comrades. On August 27, 1973, some sixty-four (64) Brothers and Sisters departed from New York to Georgetown, Guyana. I will not attempt again to trace

38-5t-2

the whole glorious excursion to Guyana but you can read about it in - Vol. 2 No. 10 Special Edition, October 22, 1973 of BLACK NEWS,

After that visit, we, the comrades from North America found it pretty hard to forget what stood out most in our minds Land Development, Agriculture, Farming, Feeding A

Nation, Self-Determination, the Earth, the Source, the Energy.

Several visits followed to check out the possibilities of a Land Development Project sponsored by the Uhuru Sass Shule, Inc., - Al-Karim School, Inc. We learned that first you have to apply for the land and describe how, why and what you intend to do with it. Land is of no use unless one is prepared totally to make sacrifices and committments with determination and discipline. One must be a pioneer - which means one who is the first explorer, developer, to prepare the way. A soldier, having a spirit to forge a head against most odds and to accomplish the goals. These words sound great but what do they mean. Simply, doing the work required to develop a Cooperative Farm. A pioneer is expected to work hard, follow orders, keep strict discipline, respect others, be physically, mentally, and spiritually fit, to be knowledgeable and skilled in some areas of farming, and to stick to the task until it is completed.

1874, we filed for land and received confirmation. This was paid the Survey Fees. While the survey is being impleted, we are recruiting pioneers for the task ahead. A ease Agreement for 3000 acres will be signed for the Nabarums, Northwest District - Wauna Area Land Site.

The work will be before us to develop a Cooperative Farm in Guyana.

Pigneers Recruitment Procedures, Governing Laws, etc.

Pioneers are needed in the areas of Carpentry, First Aid, Plumbing, Camping Experience, Agriculture, Farm Equipment Usage (tractor, plows, etc.) Livestock Farming, Poultry Farming, Crop Farming, Cooking Sanitation, Water Irrigation, Use of Water Power Generators, Electricity, Nursing, Communications, Insect Control, Tropical Fish, Fishing, Workers.

To Become A Pioneer

Aside from the skills, you must be totally committed, abide by the rules and regulations, be physically fit and able to take

Rules and Regulations

Note: Pioneers must also be governed by the laws of Guyana.

No smoking marijuana No use of other drugs No excessive drinking No fraternizing immorally with Guyanese No political activities, No leaving land site without permission

No stealing No fighting No abusive language ' Take orders from others

Those who cannot adhers to the above mentioned rule NEED NOT APPLYI

All applicants will be asked to fill out completely a application form for pioneers which will be kept in tistrictest confidence. Every three months an evaluation repo will be made in-depth on all pioneers and reviewed. I screening will be done totally by the EAST/U HURU SAS SHULE, INC. and AL KARIM SCHOOL INC.

Physical Requirements

Along with the application, a medical form must be fills out completely by a qualified physician.

If after having read this, thinking the proposal over, and

discussing this with family and friends, you are ready, then so are we. You are welcome to grow with us in our task of building a Cooperative Farm. But please keep in mind it is a serious endeavor and should be attempted only by serious Afrikan Pioneers.

As the "All American" depression engulfs the nation the Black community will have to absorb some of the worse blows to be dealt to the empire. I use the term "all american" because the African community in america seems to constantly be in a depression because of our terrible economic and social conditions and political powerlessness when the nation is in a so-called economically progressive state.

While the New York City government is laying off tens of thousands of its workers one of the areas hardest hit by layoffs has been the departments dealing with education (Board of Education, Higher Education, School Crossing Guards, etc.). The city layoffs of personnel in the public education system is well above 8.000.

Although almost 70% of the city's million public school students are Afrikan-American and Hispanic speaking, the education personnel of these groups barefy hit double figures percentage wise. What the Black community has to do is look at the politics and economics of education and see how the community can get its full share of the benefits like other communities/ethnic groups do. Until the Black nation takes a serious look at this aspect of their community and map out a plan of action for controlling and benefitting from the thought, mind and value shaper, we're doomed and will remain in a powerless, oppressed and sub-servient state.

There are millions of dollars in terms of goods, services and payrolls allotted to these, public educational institutions that are supposed to be nourishing Black minds and preparing Black youth for a better place under the sun. But because so many Blacks in their apathy allow their enemies (or possibly worse, mis-educated negroes) to carve out their children's brains, the Afrikan race still suffers from self-degradation and economic, cultural and political exploitation. Why in predominantly Black and Puerto-Rican communities are crackers still shaping Black thought, getting thousands of dollars to mentally castrate Black youth?

As we cry about unemployment and beg for jobs we should be looking at funds coming into our community from our tax dollars and seeing to it that the residents benefit first and foremost from them. What no other people on the globe tolerate, we are subjected to.

Everyday thousands of aliens commute into our communities to educate Black youth (), stop fires (), man (golice) our communities, run our stores; factories and other

A man by the name of Mr. Frank Newman had the interfor development officer call me to find out if he could visit our project at Port Kaituma. I talked to Mr. Newman also Facts about Mr. Frank Newman:

- 1. he is from the U.S.
- He and his wife are school teachers doing a study of education in the Caribean (Eastern portion). They have now visited 22 islands in the Caribean.
- 3. They heard first found out about us by reading about us in an American magazine called <u>Pravel</u>, about one year ago.
- 4. They met Henry Cameron at Hontserrat, where Henry is now based, and Henry told him that he knew about us and, in fact, was working at the complex where our program started, and encouraged him to come and have a look at our project.
- 5. Newman and his wife are on a tour that began last a January and will end next January. They are going to Surinam next. They would be on a sebatecal, except that with all of the cutbacks in New York, there is no funds for a sebatical.
- 6. Newman's address is is: -65 hoodbridge
 Euffalo, new York 14214
- I asked him how he got my phone number, but I can't remember what he said. I think he said Ministry of Home Affairs.
- 8. The man is not originally from New York. At least, he didn't have a New York accent.
- 9. Will let you know more when we come in contact with him questions that I want to ask him, and can think of k

- want to see our place, so I am sure they will be in to see us, if they can get into the interior. Also, they will want to see J/tn, mm and they are quite willing to stand any inconvenience, like only going in at 5:00a.m., so I am sure that they will x want to go in and see Jonestown. All Market They are likely going to write something up about us (it may only be a short piece in a long thesis, but neverthe-less) so everyone will have to be prepared; to be on their "Jim Jones" behaviour.
- 2. Mixem I saw Lennox George, who is a writer for the Daily Chronicle, and he is anxious to b go into see our place; he is quite positive to us, and wrote the good article about us in the Chronicle before.
- 3. Elizabetha Phipps and her husband (she is in the American Women's Group with me) are having a guest from the U.S. in the middle of this month and have asked before about coming up to see our place. She asked me again about them coming up teward the end of this month. They are the ones who are coming up in the cabin cruiser which sleeps ten people. Her husband is a consulting engineer(I believe) in the Essequibo water project, which is determining if the Essequibo could have a dock built on it. If that is his profession, perhaps you can think of some questions that we could use a hydro-engineer to answers, like Tim's dam. 76-59

- P.S. Could you ask this Newman fellow the following questions in a conversational manner.
- What did that magazine called, <u>Travel</u> say about Peoples Temple?
- 2. How did he locate (specifically) Paula adams and her telephone number in Georgetown.
- 3. What schools do they teach at?
- 4. Are they from New York, or just moved there to teach?
- 5. Any questions that may be good to know,
- 6. What made him specifically interested in the Peoples
 Temple agricultural project, as well how much he knows
 about it. Give him the details of how Pastor Jones out
 of his concern for starving people all over the
 world wanted to start and agricultural mission station
 to try to alleviate some of that starvation, etc.
 Newman said that Henry Cameron told him to look up
 Archie Ijames, which is why I am wandering how he
 got my name. I was so overwhelmed by the unexpected
 call that I forgot to enquire some very basic questions
 about his background and the abover curiosity questions.

TO: JEAN BROWN

PROM: PAULA ADAMS

SUBJECT: V.H.

From my talks with both Charlie and V.H., I've drawn one conclusion: I don't know what's going on!

Here is a little background information on V.H. that might be useful in essessing the worth of his assistance. He is overzealous when it comes to spending someone elee's money on machines, he just loves machines. It isn't that he doesn't know what he's talking about when it comes to that specific machine that you're interested in, but he will try to get you interested in things you don't keed. He does know about machines and often finds very good deals on equipment, but I am wint of the one who stands over the whole thing and if it isn't up to the quality he claims, he either refunds the money or replaces or fixes the item. (That is one aspect of the role I play in this), he does not stick to one opinion about what is the best suited for our needs. For example, he thought that the Ball community canning center was ideal for our needs when I first talked to him. I suggested looking into tin cans for food preservation and he thought that it would be too involved. Now, from what I am getting feedback on from C.T. and V.H., he is convinced that tin cans is the way to go. There must be a machine involved in the tin canning that he wants to get his hands on.

Charlie is really upset about the discussions with V.H. I think his ego is what is upset! He claims to be concerned about what I would have to do to get all of these things followed through from V.H. That is pure rubbish. He could care less. His ego is threatened because V.H. is being listened to without C.T.'s comments. It is a fact that it puts aximize pressure on me, so I want to know if what is going on is worth it. I've done it for less, but I sure don't want to get into anything if it isn't necessary. I don't know if you even know what I am talking BB-5-h

about. He is an engineer, which we don't have, and he is quite willing to put his time in free(that is not my opinion, but I'm speaking in terms of dollars). I think he has been quite useful in the project and he has been generous and still is. I am writing in straight terms avoiding cynical comments. "hat good I do think that the whole thing is becoming a problem to Charlie. he would rather from a comment he made to me, listen to someone who is in the fabily than to someone who is outside. I agree with this when it comes to policy, but we need to tap from every source we can get if the knowledge is useful. I don't think Charlie agrees with that theory anyway. He is so threatened by anyone who makes suggestions about the project inakxyantukikkkikkxikxxxxxkix. didn't set right with him at all. I do agree that bmitty heeds to say he doesn't know something when he doesn't know. But for the most part, Charlie just didn't like sharing the king-cheese role, and I think that the kanyowne meeting with V.h. made him even more threatened. Frankly, I don't see that there is so much difference between C.T. and V.R. when it comes to their commitment to 1.7. soth are in it for the same reason just different faces.

I wrote the above before our first conversation and have not yet heard a reply about the subject, but I am going to go ahead and sail this with everything else.

W.R. has come over several times since his return and webbie's presence has been an invaluable blessing. Frankly, I don't know if I could go through this thing if it were decided as necessary. I sounded very noble indeed before he returned, about doing anything necessary, but now that I have seen him again a few times.

L don't know. Not only is he repulsive, but his condescending comments are getting from me.

I hot biting responses: This could make things worse if I were to start up another friendship and then make sarcastic remarks, than to just cut from him completely.

October 24, 1977

Dear Mr. Sheehan:

This is about as completely as we have documented the conspiracy to date. Perhaps the background will help you make sense out of the things I have been telling you over the phone. Enclosed in the envelope are two articles which refer to the child custody case I talked to you about most recently. They are not included in the "book" because the fact that Jim is the father of John has not yet been made public. (You will note that the articles make no mention of the fact.) We may take the initiative on that by holding a press conference in the near future.

Our questions are many, and they have to do mostly with the options we have in fending off the kind of continued attack we face now in Guyana. Just this week we got a letter from an attorney who represents the parents of two youths in Guyana; one (Bruce) Oliver is 19 and married, and the other (Billy) will be 18 in two months. The attorney tells us that both young men must be returned to the parents. We are not too worried about this, for obvious reasons. But the law partner of the attorney is also commentator on a local Oakland radio show. We were informed by Mr. Holmes and Mr. Warden that if we did not return the "children" immediately, the radio station would be very hard on us via Warden's radio show. If we did, their program would go very well for us. By the way, the Olivers have been in touch with the same Joseph Mazor.

But the case with the child John in Guyana is a very serious one. Your advice on how to protect ourselves from attempts to take this child, from a possible planefull of hostile relatives gathered up by this same bunch (Mazor, Mertles, etc.) and ultimately from attempts to try to take our leader, is very much appreciated. We do not see an end to the concerted efforts to dislodge or "de-stabilize" our group in Guyana, nor to get Jim, on any pretext they can come up with, into the courts. You said in our first conversation that when the attacker is irrational, you do not try to defend yourself with rational means. We identify with that very closely.

I think it might help to explain to you that our congregation is made up of people from all ages, all races, all walks of life;& all of these, especially now with the move to Guyana, Jim has taken responsibility for. Many are elderly, and most are black. We are a people who have

suffered or who have identified with the suffering of lifetimes of oppression and deprivation. It is difficult to describe the pathos of the situation. For the first time in the lives of many who are there, they have a home, land, the best in schooling and medical attention, and --as one black sister said, for the first time in her life she could walk down the street and not be called "nigger." Now we find ourselves under the continued attack of this conspiracy of media, reactionaries, and government agencies in the States. In our evolvement together, we have become many things: a family, a people with a purpose to live and build a socialist life, and in most cases fiercely loyal to the leader who has cared for the rejects of capitalist society and given us, individually and collectively, the context for life worth living. Without Jim's vision and determination and love for us, nothing would have been accomplished.

I have enclosed for you, too, a copy of a letter received from a member of our group in Guyana, which we have made into a press release. Sharon is the mother of three racially mixed children, a highly educated and highly paid social worker and consultant. Her enthusiasm for life there needs little explanation.

Thank you for your concern. Any help you can give us by way of legal alternatives, a safe place for the child in dispute, or any creative ways to combat the continued intrusion -- we are appreciative and look forward to your reply.

Very truly yours,

from L

REPORT ON DANIEL SHEEHAN JEAN B., OCTOBER 12, 197?

DANIEI SHEEPAN, 2300 City National Bank Tower, Oklahoma City, CK 73102 FHCNE: IN OKLAHOMA (405) 239-2379, in D.C. (202) 462-0400

I called saying TB had left town and suggested that I call; she'd said he was working on affidavits and would not be able to talk until Wednesday (today). He will be in Oklahoma for several more weeks.

When I described the situation with the media smear and the links with the T Dept he said there is a way of dealing with it. What is happening to us is not unprecedented. He made the analogy of the authoritative parent telling the child to be home at a certain time. You cannot arrue on the adult's terms, because he/she is irrational. Therefore, you so ahead and stay out anyhow, because there is no way you can successfully argue on their grounds and do what you want to do. Where the parent is coming from is an irrational assertion of authority.

Said he has seen this with clients who are "highly principled." He said he himself is a "highly principled attorney." People who are principled encounter extraordinary opposition, especially in the form of authoritative and regulatory institutions. Said he has seen this with cases he has worked on with F.Lee Bailey, and it was true with Scientology. (I am not sure what he means by principled -- it could be a range of things.)

The way you deal with this type thing is to kick back. Since the other side is not rationatl, not principled, you take them on with wits. Said (another analogy) a small fighter can't take on a welter weight fighting square, has to fight back by slipping through the blows. The media hate people about as much as people hate them. You should treat them openly, candidly, honestly, giving them nothing to hold on to. Then they feel satisfied. The worst way or responsing is to cut them off. Then they get twice as hostile. What we need is an extraordinarily adroit FR person. His best advice would be to get someone, not a P.T. person, who could dela with the press, interpret us to the press. He said NIXON cut the press off, and it was the press that destroyed him. Like a wild dog, they bite when they smell fear.

I told him that what I had described as a media smear was at this point our secondary concern. We had lived through that and were continuing to function, but that the truth was the media persons (named Jim Clancey) were admittedly working in collusion with government agencies (T-dept) to destroy the Temple. Now we were concerned how to counter this obvious conspiracy of governmental agencies. He siad that is the way it works, and usually one agency (i.e. Treasury, IRS, or some other) leads the way. His advice was to first write to him exactly why we think this is beeing done to us. Not to fictinoalize, To know the source of our problem, to deal with it, he will have to know what is triggering this governmental response. He mentioned a case in Florida with a guy named Glen Turner—a thing going called "Dare to Be Great" in which he had enormous training sessions for businessmentof somesort. Said that the A.G.'s met from 49 states and determined to undo this guy. (He didnt say why, but the point was clear what he meant by the source of the problem.)

BB-5-K-1

Then he asked me to correspond with him, and a personal visit might also be useful. But first, I am to try to mail something to him using cover. He bluntly told me he figured I would know that that meant to mail a safe way: use another agency's letterhead on the envelope, mail from another city (he says where your mail gets picked up is in the city where it is mailed), surround all the edges with tape and make a mark under the tape which would show when and if the tape were removed. Then he said to call him to identify the letter that would be coming, tell him the letterhead to look for and the mark. I am to send general mail first. He will let me know from that end whether it is safe to use similar methods in mailing crucial contents.

I liked the guy. I think he could help us.

PHONE CALL TO D. SHEEHAN, FRIDAY 10/14 PEPORTS FROM JEAN BROWN

He was very friendly, said that he had not received the mail he had instructed me to mail yet. Tom just had mailed it Thursday morning. We talked about the reasons for our persecution, as he had asked. When I mentioned the word, he immediately said, "Well, that would do it." Said we are in good company, some of his best friends have the same problems as I described for that reason. Said he has known that the Socialist Workers Party has been bothered for years with this kind of tactic. He will work over the week-end, so made himself available to us. Said he is working now on taking depositions against the FBI for domestic surveilliance. Will wait for the mail to arrive (he asked for "safe" mail, so I sent Peoples Forum and Barb articles, statements why we were undergoing this and so forth). He will call back the first of the week, unless I call him. He asked for specific questions to deal with, how he could be of help.

(As per our radio conversation of Friday, I will tell him full background and about Jeremie's and Minnie's situation and why. Also will mention Bonnie's project and ask what he recommends be done.)

JEAN	REPORT ON DAN SHEEHAN	

Finally got ahold of DAN SHEEHAN this morning (Monday). He is in Oklahoma taking affidavits against the FBI, travelling all over until March 15 when he will return to New York. He asked about the nature of the proceedings in the Guyanese courts. Said in regards to TOS being in Washington that State Department and Congresspersons respond more readily to public pressure than to "principle." Ultimatlely the outcome of the custody situation will be determined by politics, and what Guyana choses to respond to -- his feeling was that pressure from State Department and Congress would have an effect on behalf of TOS. I told him of our excellent rapport there, and about Dr. Fernandes. He was pleased at that. Began to explain about the group of 10 freshmen congressmen who came in together, including Wirth, Dellums, Mossett, Pattison and some others who share staff, share communications systems, and generally try to make themselves open to common problems and "justice" issues. Said since TOS has talked to them what we should do is call one of their staff personnel, ask for the names and districts of all 10, and get a story on our behalf to the major media in their areas. Said Congressmen respond directly to press in their own districts. Called them "absolute relativists." Then not only will there be that pressure on them, but also if they are inclined to see both sides, it will give them something to back up their opinions. He said mainly we can deal with staff, find out the major media, and strengthen our hand in those districts which will have an effect.

Again he asked what were the proceedings in the Guyana court based on. Said there was a decision in the local court here that TOS had legal and physical custody. He said then the court has communicated that to Guyana for a decision on the local court level there. Again he said ultimately the politics in Guyana would determine the outcome, and he felt that they could be influenced either direction.

He just got appointed to the National Council of Churches committee on Church and Civil Rights. Said his main concern will be IRS harassment of "unpopular churches."

When I told him about our letter from IRS he responded immediately that we should keep him posted and write a 3-page introductory letter to the chairman of the committee, Dern Kelley, 475 Riverside Drive, New York, and explain the harassment of the IRS we are receiving and the work we are doing. We can use his name in this letter. Sheehan will be raising the issue of Chr. ch of Scientology to the Supreme Court, also a defense of two Puerto Rican nation. ... who were thrown in jail for bombs, called them socialists. He is going to New York at the middle of march. Siad if we have our letter in by then, the chairman will know of us and Dan will follow up by discussion of our situation with him, among others. Said he has a growing number of church groups who have complaints about IRS harassment and the fill be his special area of concern.

Another thing about with. Said he is in tight with Jerrry Brown, working to get him in office as dent. along with Hart and some other Colorado people. Said they are more sutious: because of elections. (I did not get the meaining of his point, I t' nk he · will be more approachable to a broad-based appeal.) Said in our .C we should mention general references, church set-up, types of harassment, informalin for their files. He will chat with Kelley about us. Had talked to some Jesuits who were interested in Guyana.(No clear comment on this, though it was mentioned in : of reporters who might possibly go for story on our mission. Mrs. Jean F. Brown, Secretary, Peoples Temple Agricultural Mission, P.O. Box 214, Redwood Valley California 95470.

Dear Mrs. Brown,

I received your very welcomed and touching letter of December 12, 1975, and regret that I was not in a position to reply before now.

I thank you for your kind sentiments expressed in the letter, and would like to say that I too reciprocate those sentiments.

I have never had the opportunity and privilege of meeting Pastor Jones, but have heard a great deal about him, and would like you to know that his representatives in Guyana are well considered and are doing a very fine job. In particular, Mrs. Adams and Mr. & Mrs. Touchette whom I have had the pleasure to meet, have commended themselves to me and the Guyanese people as extremely dedicated to your Mission's ideals and objectives.

I wish you and your Mission in Guyana every continued success.

Honorable Mr. Wills:

On behalf of our Pastor, Rev. Jim Jones, and the many members of Peoples Temple Christian Church (Disciples of Christ denomination) both in the United States and Guyana, I would like to congratulate you upon your appointment to the office of Foreign Affairs and Justice Minister. Many of our co-workers and contacts in Guyana have expressed their admiration for you as a highly congenial and competent person, and with your brilliant background in law, as the best possible choice for this influential position.

Perhaps you are already aware of our congregation's agricultural mission project in Guyana's North west District. We feel it is both an honor and a challenge to have been awarded the use of this land in your country. It is Pastor Jones' sincerest desire to work in complete conjunction with the P.N.C. and its enlightened F.C.M. Program, for our own human service ministry throughout the years has sought to assist people with emergency food and medical programs, college scholarships, care and convalescent homes for seniors, a large animal shelter and numerous other programs.

Pastor Jones has publicly praised you for your record of service and deep commitment to the people of Guyana. I must certainly concur with him that you are making an exceptional contribution. We wish you the very best for a continued career in distinguished statesmanship and service to your fellow man.

Pastor Jones sends his best personal regards.

Dear Mr. Ambassador:

May I extend to you greetings on behalf of the Peoples Temple of the Disciples of Christ and our Pastor Jim Jones. Mrs. Paula Adams and Mr. and Mrs. Touchette from our Jonestown project have written to us of the enjoyable meeting they had with you.

They found it most inspirational to meet a person of your exceptional talent so devoted and concerned about the self-help programs and advancement of people through this means. Pastor Jones has taught us that viable Christianity today must address itself to the practical needs of people. We believe that the highest form of worship to Diety is in service to our fellow man.

By vocation I am an accountant, with extensive legal training. However, I have found the deepest personal satisfaction and most meaningful channels for service through my commitment as a member of Peoples Temple. Our mission site in Guyana represents the endeavor of people helping people, committed to the teachings of Christ as set forth in Matthew 25.

We have been deeply touched by your own dedication as well as that of so many Guyanese officials. Those of our members who have had the chance to participate in and visit our project in Guyana consider it a privilege to work hand-in-hand with the people of the Co-operative Republic.

Pastor Jones wishes to extend to you his personal greetings

Honorable Prime Minister L.F.S. Burnham Co-operative Republic of Guyana Public Buildings Brickdam Georgetown, Guyana

Honorable Prime Minister:

Because I care for and believe very deeply in my Pastor, Bishop Jim Jones; because I care about our people both here and in Guyana; and because I wholeheartedly believe in socialism and respect the efforts of your government to create a just, co-operative society in Guyana, I feel responsible to convey to you the nature of the persecution our church is currently facing here in the United States.

In the midst of a terribly polarized society, Bishop Jones has shown, in the most personal and in the most profound terms, that as Americans we can live together as brothers, as sisters, as comrades. Despite all our differences of race and ethnic identity, economic stratification, or philosophic point of view, we have seen by virtue of Bishop Jones' ministry that we can indeed work together for the common good. This example has had a tremendous impact on the communities where our congregations are located, and throughout the state and nation as a whole. The more successful we become and the more people we convince of the benefits of the co-operative point of view, the more opposition from conservative elements mounts as a consequence. The criticism being leveled against Bishop Jones here is superficial, trumped-up, and tailor made by conservative and reactionary elements to try to discredit his character and work and to prejudice the public against the viable socialist alternative Peoples Temple represents.

But I feel you should know, too, that the people here are not fooled by the Mc Carthy-like reaction which the media have become the vehicles for. There has been an overwhelming outpouring of support and encouragement from leaders, both political and religious, and the people who know and respect Rishop Jones for his sterling reputation as a champion of economic and social justice. Floods of letters, phone calls, and eloquent public statements have been coming in attesting to the good works he has been known for over many years and through many struggles. Just in the past two weeks leaders who have stood in defense of Bishop Jones include: California State Assembly-man Willie Brown; Rev. Cecil Williams; Civil rights activist and recent participant in the World Conference Against Apartheid, Racism, and Colonialism held in Lisbon, Yvonne Golden; California State Assemblyman Art Agnos; the Lieutenant Governor of California, Hon. Mervyn Dymally; American Indian Movement leader Dennis Banks; Dr. Carlton B. Goodlett, President of the American Newspaper Publishers' Association; and many more. People who believe in and are struggling for progressive change in American society are unified in defense of Bishop Jones. The precedents for this kind of attack range from Mc Carthyism in the 1950's to campaigns against Martin Luther King, Jr. and the Civil Rights struggle in the 1960's, to the systematic castration of

BB-5-5-1

the Black Panther Party in the early 1970's. Viewed in this historical context, the present attacks on an eminent socialist leader come as no surprise.

There are no words to express the gratitude which we, as members of Peoples Temple, feel toward you and your cabinet of enlightened, progressive ministers, for the assistance you have given us. The Co-operative Republic of Guyana represents to us the chance to live life according to the principles of sharing and equality which we have come to treasure. Whatever tactics are used to try to "de-stabilize" our efforts, we will not be swayed from our purpose. We feel a deep solidarity with you and the Guyanese people in this struggle.

Sincerely yours,

REPORTS THURSDAY, NOV. 17 JEAN, MARCIE, JUNE -- VISIT WITH C.G.

Eric described phone conversation: "This is the fascist calling." E: "Don't say that, I know what fascism is and it doesn't apply."

H: "People have been saying you call me that."

6: "I may have called you pig, but not fascist."

Talked about Guyana, how Muggs had pissedon the marshall.

G:" Where did you get the money to pay a lowyer in Georgetown,,,"
H: "Horseshit, we have no money. Grace has none, is broke. No Money from the outside."

G: "Where is TOS? Tell him I want to talk to him."

H: "People look on you as a champion of the underdog, but this time you are on the side of power/ my client is the underdog. G challenges that.

H: "No, she has not lined herself up with Mazor, Mertles. What she did was talk to mazor for 1/2 hour. Wont's have anything more to do with him.

G!" I have a lot of misgivings about what she is doing. To WXXXXXXXX

H: "She is a lovely person. TOS will tell you that......
"TOS is not coming forth, he should, and tell the "truth". Grace has nothing left, her child has been taken away from her."

G: She may be a most wonderful person, but people I have talked to say she is a bitch and is lined up with the enemy. I have been told she isn't: In the slightes interested in the child and he is being used. She is vindictive." vindictive.

vindictive."
H: "He took the child away frm her in L.A."
G: "My understanding is that she said, "here, take him, he's yours," and left him with HIll. Why doesn't you'r client go to Guyana and straighten this thing out? We'll pay her way to go there." (G. aske d us what wer the actual circumstances of parting. Marcie, June and I all declined knowing, but said it was in L.A. and she had left him with Hill.)
H: "I don't think it will work."
G: Said Thursday (tomorrow) he planned to take default on Hill. "I do not accept the court's jurisdiction over my client."
"Have her go down to Guyana. aeet face-to-face. He is not coming

"Have her go down to Guyans, aget face-to-face. He is not coming back as long as the child is an issue. She going to be safe. And the return ticket will not be cashable (funny.)" Then he said didn't think H. would tell her a damn thing.

- RE: The hearing tomorrow. We plan to have someone there to observe, perhaps Sandy. But it should be somebody who can meet TOS face-to-face and talk. We will discuss it later on tonight.
- 3. RE: SCIENTOLOGISTS" FRIEND TYPE LETTER: The one which the 4 in G/town read: Asked id they got a copy of the letter. No, he would only let them read it, not copy it. Who was the official who showed it to them? Nobody knew. Luckhoo should get a copy of the letter and let us have a copy. He is very powerful, can get anything done there. Learn to work with that lawyer down there. Let TOS know, per fact this letter will show, that Minnie has been a bitch. We will look into it when we get more info. Nothing Pat's friend can do with it without more information (even the # which we provided wouls not be enough, acc. to Eric.) We need more input as to what this means. We need a copy of the letter.

REPORTS (CONTINUED)

- RE: SOCIAL SECURITY CHECKS

 He passed it back on us. He said we should get to Burton's office with a copy of it right away (June will do it tomorrow).
 - RE: SANDY ROZUNKO: Marcie asked that the call be made from Eric's office. She could shriek anything out over the radio.

 Eric said, let her say what she wants. What do we care. Besides, we'll tape her. It is important that she get to talk. That these people get to talke. You will have to be sweet to them, and I mean it. It is part of our program. Tell them in Jonestown not to have a chip-when they talk. Say how happy they are. We shoyld tape on this end.
- RE: MEETING WITH RICHARD KORN:
 This is the Jewish man Eric is so impressed with, the one who has worked in prisons. Eric wants us to abtend a meeting where he will speak, takes lots of people. Andy will organize it. They are planning to go to Jonestown this Christman. The man, his wife, their child, and another Unitarian minister.
- RE: DON BECK receiving a visit from a hostile social worker asking him avout Danny Bekc, his whereabouts, and also about Tyronne Duncan. Another social worker had showed up at the ranch veveral to meet the first social worker, as though he had an appointment. The first one never showed. This one asked the same vuestions. Don was concerned. Eric said forget. Nothing they can do to take away a fully adopted child. People send their children away to school all the time, for years at a time. None of their business.
- RE: Article in EXAMINER

 Thea article compensates for what we did yesterday. Not only did it have good effect on the outside, it also was a real morale boost for the inside. He said it was beautiful, the most well-organized demonstration he had ever seen. He was proud.
- RE: NEW WEST ARTICLE, POTENTIAL SUIT.

 He is still looking into it. June thinks there is little chance, since there are not charages or accusations. He was adamant, when it came up in the beginning, that we not tell you of the plan until he had decided it was workt going into. Said he didn't want you to get excited about it if it didn't turn out to be possible. Said he didnt' want a "phoney lawsuit". He has got someone studying Sunday's examiner article to see if there is an invasion of privacy lawsuit, Phyllis would be plaintiff. We wondered who would be plaintiff if there were a New West lawsuit.

 What he said, in the final analysis, about the EX article today, the slightly fair article to "compensate" (hardly) for the smear, was that it was a good thing to be in dialogue with the media. (Not sure what this is supposed to mean.)

- 1. Roosevelt Turner escrow instructions on sale of his property. Attached to this report are original escrow instructions which are to be read and explained to Roosevelt Turner concerning the sale of his property. Also attached is Individual Grant Deed which grants title of the property to the new owners. PLEASE NOTE: The Grant Deed MUST be notarized. I realize this is difficult; but it is required for the sale. The last batch of mail I received contained some documents which had been notarized in Georgetown; it would be very helpful if you could somehow manage the same with this one. PLEASE RETURN TO ME IN THE MAIL AS SOON AS POSSIBLE the signed escrow instructions and the signed and notarized Grant Deed. The sale cannot be closed until we received these papers back completed.
- 2. Vincent Lopez see report #34. Attached is letter from Jim Herndon specifying what he wants in Chet's affidavit. He wants this back from Chet as soon as possible.
- 3. Cynthia Pursley we have talked to her mom, who tells us that her divorce order includes the stipulation that the minor is not to be taken out of the state of California without the husband's permission. The order was obtained when Cynthia was still a child; there is the fact now that Cynthia is no longer a child but is regarded as mentally incompetent. We have yet to obtain a copy of the divorce order as Marilyn became quite upset and threw a tantrum when Jenny told her she could not go over for at least 3 weeks more. Before the tantrum happened, Marilyn was in the process of getting a signed consent from the husband. I talked with her on the phone before she was told by Jenny about not going, and she said that the husband had never actually enforced those terms of the order; in the beginning when she used to go on trips to Mexico she would tell him ahead of time but after awhile he told her not to bother, just go ahead. She seemed to feel that the same would apply here, that he would agree and not worry about Cynthia going over. The case is different obviously since Cynthia would remain and whe would not. This case will require some more work: I want to get a copy of the divorce order and show it to Jim Herndon and find out if there is any problem with the sisters over there taking over for Marily in re custody of Cynthia, and if it can be done without court process here, and if there is anything in the divorce order which because of the question of mental incompetence extends the j interest of the natural dad past the age of 21 of Cynthia.
- 4. Serena Hunt see law office report #20, dated 2/28/78, item 1. Attached is a copy of that report in case you dont have it. The current status is that the convalescent hospital in which she was placed no longer will accept Medi-Cal papients. That issue is being fought in the courts in a class action by Public Advocates, and we have received the attached letter re the case from PA. We have this week received the attached letter from Serena's worker at Social Services. The problem with this case is that Serena's property is now in Tony's name. All of it. Jack Beam is the attorney in fact. The deeds are recorded. This could be a very touchy signation and should probably be a property to get rid of soon. A long time ago when Baker was still with us he did a title check in Mendocino County on all properties in Tony's name and kk knows how to do that again. **Itiexthexkinexafx** If he is gathering together his facts in the miniscule **Rexxh** meticulous way he used to, being obsess d with details as he always was, he's likely to bring this one to light. This property still being in Tony's name worries me. We can always the tell the worker Rheavina is no longer around, or just mail the

letters that come in back, marked return to sender, unknown here. But the potential p.r. implications of the property status of this case are not good.

- 7. Dolores Wilson She was supposed to come over this summer. Her sons are over there. She is completing her thesis to get her masters degree in education. She has a little girl, about a year and a half old, unrelated, who she wants to adopt. The child's mother was murdered, the child was found besides the body, in the blood surrounding it. She was so traumatized by the event that for a long time afterwards she would not speak. Her dad realized he could not handle the child and asked Dolores to care for her. Dolores worked with her and now the child speaks and behaves normally. The child stays with Dolores. Charles Garry talked with Dolores and the dad, who insisted on coming to the interview and has been showing reluctance lately for Dolores to adopt the child. Charles said he did not think that the child should be considered for adoption, that it would not be necessary and that instead the dad could just sign a consent, which he had him do. See attached.

However, it appears tht the dad is not too hot on giving up the child for adoption and he ix insists that the child keep his name and not take Wilson for surname. He wants the child to go over with Dolores, thinks maybe someday in the future he could come visit the child. I do not think Dolores would leave this child here. Under the circumstances, since she is needed there and since she already has sons there, do you think we should rely on the consent already obtained from the dad? Leona and I discussed the possibility of

Dolores going to another lawyer and trying for adoption; the problem with that is that the dad was present when Charles said adoption was not necessary. Charles did his usual p.r. job and won over the dad. For Dolores to go to another attorney might cause more dissatsifaction on the dad's part than we would want - and provoke unnecessarily.

- Berda Johnson Have received attached regarding bill that is not being paid. Have warned Kris Kice to watch for posible process server at 998 Divisadero, which is where the letter was directed. No one there to tell process server where Berda might be. Though that is not entirely controllable situation, people will say what they This is for your information; no action necessary unless want to say. you think so.
- 9. Recent Transfer of property to Pete apparenty we got our directions crossed up or something, because we though (Jeand and I) that we were told this weekend to immediately get the parcels transferred to Pete. He was agreeable and the Alvarado Terrace and Berda's acreage were recorded Monday by Dr. Beford. We now have to wait for Pete to come back from seminar down south where he is speaking for several days before we can go into the process of transferring title back to Tony. This is awkward as he is touchy about fees now already and the transfer offered some credibility; he recognized it as a safety factor and not someting that would be acted on but I do think that there was the practical assumption on his part that if we do not come through with legal fees, they could always retain title and get security that way.

Dear Dad.

Thursday

There are kits lots of things I want to tell you so I'll attempt to write them down. For all the problems in San francisco, there is a lot of strength of tenacity in people. I will write a summary of each person, how I think each is doing in this report. Marceline made many phone calls to people all over the Bay Area and found a positive attitude towards the Temple and from most people the idea that we are still around in strength. That is an accomplishment that lots of people working together have done. I don't want to minimize the positive aspects because there are many. But many mistakes have been made and problems that have come up I really do not know how to get around. And those are what I want to try to describe.

Terri and I talked about them when she arrived, and she it told me some things I did not know. One is that some phone patch messages were not getting through to me and another that Sandy was talking to Leona behind my back. So I'll start with Sandy. For months i was satisfied that things were going pretty well. Sandy spent lots of time with Leona and they built up what seemed to be a good communication; Sandy waited on Leona hand and foot and I spent most of my time trying to get radio traffic done. Leona was cooperative and we made collective decisions in most instances that we worked pretty well. That all changed when the crisis over Leona's sister cameup. Leona took all of us on over that, including Bandy. Since that time, or increasingly since that time, Sandy has cut herself from everything and everybody. She gave up trying to matixmaintain the relationship with Leona and started "sandbagging"herself in her room hours and days at a time. This six going on currently. She told warning Tenant already that she expects to die within not too many years and that she is really sick. She said she will not go to the doctor because he will tell her there is nothing wrong. All I know is that she complains constantly of having no energy and EVELEX im goes to sleep in her room, opting out of

Re. her ailment, which Debbie cvans says s potassium deficiency, Sandy . said that you knew. I recall that you had told her to keep drinking: (2 water. Terri explained to me that Sandy had taken us all one ridewith that one -- that was strategy to cover forta message given about "Bibles" and was necessary to keep up the context in radio conversations. So Sandy goes all over the Temple with a bottle of waterand drinks gallons. I had always thought that was literal, and Sandy took me for a dummy, wings sickness as an out. She is, 100 last of soul from a dummy, wings she can reallyproduce, and her mind is fantastic for radio codes. But when Iam on the radio she leaves the room, figuring that I will do the work. For a while I stayed away from the radio -- then I never heard anything that was going on and little got done. I cannot give her assignments, either as I am not in a position in her eyes to do so. What Terri told me she was doing to work against me was say such things to Leona as "Why is Jean the only one who has the keys to the money?" To my face she has been friendly and supportive, and we have had no friction. But then I ask nothing of her. Terri also told me there have been phone patch message. when I was out of the building that I never got word of. I feel that I am constantly left to fend for myself by Sandy, and also undercut.

She handles the petty cash and while I am out of the building; people come to her for for small amounts. Usually she describe more than \$150.00 at a time and does turn in the receipts. Lately she has asked for \$500.00 for tonic which she describes as a special kind of supply for you, which I presume is legitimate. However, I am not allowed to see it or know where she goes for it — she cuts all the information off the receipt but the total amount. This has happened to the total amount of \$500.00. Now she is ready to come over — I would encourage it as she is of no help do in San Francisco. She plans to come in October.

My problems with Leona started when out of the blue she jumped me for holding out information on her — that was the Kwan case which I described in one of my write-ups. She and Mack both jumped me. My paranois of her since then has made it hard for me to deal with her, and I am sure

that has made matters worse. I live in constant fear of being in a situation where I will be confronted for not communicating something or for having made a decision without consulting with her first.

I really need to know b how to deal with the situation. When instructions comeover the radio, they are often met with opposition from Leona (and from June, also, which I wil get to next). I feel the opposition may not even be so much to the radio instructions, per se, as to me. That gets so damn hard -- to get work done is one thing, and to steel my nerves to the point I don't feel personal attack each time I open my mouth is another. I feel like it is a no-win situation. I believe that input from people is good in most situations my own judgement is naive and often I do things without thinkingthem thru first. But the input in recentlmenths has notbeen constructive from Leona -it has been personal attack. That is what has caused me such emotioal problems. I can deal with peopleand problems in a systematic, rational and dogmatic fashion. But when reason fails and everything is irrational, like Leona's actions since her crisis over her sister -- I am lost. And I have experienced paranoia like never before. When we go see Garry, which Leon3 has included herself in on since Terri left last time, we go over all rado instructions together first. For awhile we did well -- came up wth reasonable approaches to get out points across. Leona can be teriffic in that regard. But since her sister's situation again, it seems to me she uses every occasion to justify her position. If Garry is passed because we changed instructions on him, or want to manipulate him in some way -- she just says, "You can't treat people on the outside that tay," or some such things. She makes is clearshe is not defending Garry, but attacks me - Ter ri- the radio -- who ever is the responsible party Efr for the message. It has become an impossible situation, and you brought change to us when it was badly needed. Event and to know how to deal with Leona before I go back; whether to acquiesce and apologize and all that; and how to get things done at the same time.

I am sure that I have my part in this. I am closed with information, and many times I am sure i have made stupid judgements and omissions. That I fear is the feeling that there is no way out of it -- that there isn't some change I wan make or some technique I can leran to avoid such a stalemate happening again. I believe shi is on a power trip. She accepts no same countering to her opinions and demands allegiance and instant follow-through. I am not the only one to feel this: Tom, Clancey, Sandy for others. Also Randolph. But when being acquiescent to her demands means a conflict with radio instructions, I do not know what to do.

When I said earlier that June expresses opposition to radio instructions, I talked to Terri about it and she said to be sure to tell you. Juen did not express to you the conflict that I have seen in her many times. She feels, often, that instructions are an imposition or not legally sensible and gets hostile. She often walks out of the radio room mad. Then she gets guilt because she feels it is disloyal to question and clams up about her feelings. This has happened many times. She menticed something to Marcie about it when she was in S.F. the last time. About two weeks before June went over to Jonestown, I finally confronted her. She was pissed with me because I asked her opinion on xmm some instruction for Garry which she disagreed min with. (June has no love for Garry, but she has little tolerance for any sort of maneuvering or manipulation to get points in or get responses from him.) I told her something was going to have to give because we had to work together or everything would fall apart. I told her that herinput was valuable because to just put things to people without discussing it RMYRXXX first was not what Dad desired, either. We are supposed to use our collective head. She just said, "I am a negative ex person; just call me teena the Second .: I cannot stand positive people like you (Jean) and Laura Johnston etc." We talked it out and I think made some sense of it, Her attitude improved and I have mt not seen her since she returned. Part it was just needing a rest,

I think. But this conflictof June's hason several occasions puther in the position of backing Leona against instructions. The night of the event with Bon Freed and Mazor when June, Mac, Clancey and I were at the hotel, Sandy called to reinforce the need for a press conference. While I was still on the phone, June asked what Sandy wassaying. I told her that the feedback from Guyama was to go ahead and have a press conference that night — and she openly and loudly put the idea down in front of Pat, the legal secretary from Garry's office, Mac some others.

I feel that most of the time she tries to work with things and cooperate to find the best solution. Her work is steady and speaks for itself. When I explained to her that things that come across the radio for Garry are not necessarily legal points - but sometimes thoughts to motivate him or encourage him to look forther down the road etc - she said she could see that and we have made some headway. But before her trip here she had reached a real low point and her negativity about some of what comes across the radio is a real obstacle to getting things done. Terri told me June said when she was here that she did not know anything about your ill health. Yet I taid her myself in the radio room right after I had heard it that you had lung cancer. I don't understand why she said that and will ask her when I return.

I think the mess-up with Razor could have all been prevented if we in San Francisco had been working together instead of at odds. We should have reserved judgement instead of jumping for Freed's and Pat's conclusion; we should have listened to the tapes for ourselves and given you our collective opinion on what was said in the St. Francis meeting.

But Leona was not on good terms during that time in view of her upset over her sisters Mac was suspicious of the whole thing. When we went over the plan with him the evening before, he only took the contract to look at with his fingernails and would not touch it and for the first time (after having been in my room many times) akeed if the loudspeaker IHINCS ME SHOULD KNOW VEOUS CASEANT the loudspeaker in the ceiling were some sort of electronic device. And I was content

to listen to Freed span tales about Stoen and sip a glass of wine rather than begin work listening to the tapes right away that night. So by the next day when Clancey copied the tapes and I started transcribing, it was already too late to register our misgivings because Chalres was getting ahold of Mazor to get him to go to Guyana right away. available then the problem became dealing with Garry about Mazor. We in San Francisco bears the full responsibility is of landing Mazor in your lap the way he did. I know there have been other problems resulting from bad decisions or lack of follow through from San Francisco. The shame of it is that as a group we have the ability to do so much better but instead we succumb to page hostility and parancia.

ತ್ತಿತ್ತ ಪ್ರಕ್ರಿಸಿ ಕೊಂದಿಗಳ ಚಿಕ್ಕಾಗಿ ಕಾಲ್ಯಮ

The assumption that seems to underlie the trouble there is one of race -- one that I think Leona capsulized when she said that no black people (in Peoples Temple) are listened to unless they talk up. I get this from Archei who immediately, when he is not consulted on something, assumes he is being patronized. He told me as much. I attribute Vera's (and also Dennis Allen's) attitude to the same thing. When Paula first arrived, she made a d thoughtless statement when a question was directed to her in finance meeting. Someone asked her about the soles of boots and whether a certain typed held up in the rain. Paula xxxx and swered that she didn't know, the question should be referred to Hue because he worked in the mud more than she did. Vera instantly shot the statement to Maxine sitting a few seats over and asked, "Did you hear that?" Paula didn't know what was going on, but that is what constantly plagues us there -- There is an attitude of looking for fault in white leadership, and of course there is plenty to find.

Archie told me before i left to tell you that if you need him, he will come. He works very, very hard and at clast with AJ, though he gets way out sometimes, I can still talk to him with the hope of working thing out. I think his leaving would be a sore loss to our crating efforts because he is black leadership which the crew respects and follows. In that

regard, there is no one to preplace him. But I think that when he says he is ready to come, he probably means it. Rosie has been having trouble with blood pressure. It has stabilized now, but was way up,

The publications department have been going through some ups and downs. Patty Chastain and Kathy Tropp have had difficulties, probably from working together for so long in that samelplace, as mucheas anything else. Kathy Tropp whet out and got temporary work without asking anyone. Her note to counsel about it a day later (she worked for a termporarty employment agency at a bank) she said she resented Tim Clancey for not teaching her to run the presses and she couldn't stand working with Patty any more. Sandy, Leona and I talked to Tim and then to Kathy. Tim taughtcher to run the presses within a week and the situation seems to have smoothed out. Patty pulled me askide the day before I left and said she had to talk to somebody because she was getting so negative. I really think that the turn of events with the Peoples Forum coming up, and the hopes of good press will pick things up in that department. Patty loves working on the forum and feels it is a real contribution she is making. Tim seems to hold up with a real positive attitude. I have sought him out more than once as someone who keeps his head and a positive perspective. when I needed to sort things out with someone.

Randolph keeps on very steadily. He said something that alarmed me a few days before I left. Said he had adopted a new identity -- a non-identity, a non-person. Like he had resigned himself to a life of work only and no illusions to rely on. I don't know if that is an accurate interpretation, but he somehow keeps on with a lot of tenacity and usually a good attitude. Marcic Said she would talk to him.

Maxine Betts works very hard and trys to be of help in lots of fit different departments. She helps in Publications, in accounting work for me, in packing, in counselling and of course in the kitchen. She is going to school again for dentistry and keeps a very hard schedule much of the time. She is a great help there, and one who does not let the race thing dominate her thinking. She is a real support.

Andy and Tom seem to keep plugging with no complications. Tom has developed a liking for Hattie but it dies not run interference with his work, which he will do whenever asekd. He too is paranoid of Leona. He said she put her hand on his shoulder and said she used to have Johnny AS A son, then Hue, and now Tom was her son. Tom of coursels wondering what that will entail, to have been duly annointed. Tom works wherever he is asked, and that includes the back lot crating and the kitchen, both of which help a great deal. Andy continues with procuring and PR -- whenever there are calls to be made in the community he persists to the last degree. He seems to have fearned something about consulting before acting, though he still gets in some tight spots.

Irvin is another person who can be counted on to ealp out in any number of stituations. He is very cooperative and like Maxine, his pre-occupation is not race. He is very level-headed and works extremely hard.

Donxsee Swaney has her ups and downs in moods, but I think has a lot of staying power. She recently volunteered to help Kathy Richardson outin the lettersoofrice. She usually is very willing to help in any capacity and keeps and w. Lauric Efrein, bo. She works amazingly hand

Phyllis Houston is in good shape, I think, but then she is so Considerably!

quite and were repressed that it is hard to tell what she really thinks.

As long as she is involved in things, such as PR, community events:

and some of what its gaing on, she seems ok. She stays very close to the

Temple -- is always on hand, even during such of her workday, if that is

any indication. Pictures, letters and radioconversations with her

children help a great deal.

Bonnie Beck wrote upa report on Claire saying she was real how much depressed. Marcie, Terri and I read it and wonered howmube of it was really Bonnietalking. She is definitely deeply involved in the work she isdoing in the field as program director for the ranch. Bujoys the acclaim she gets for her work by professionals in the community.

most people will hold out OK. I know it is staggeringly expensive, but if people wno will be there tomaintain operations for a long time can have the chanceto come, it would downders. People could be prevailed upon to ask their relatives under some pretense (I asked my max parents to pay half my trip, no results as yet). Marcie coming back is good -- it keeps the spirit up inthe congregation, but her visits onlyneed to be short. What inmy opinion tears on her most there is anxiety about what is happening here (in Jonestown) and with you. Marcie and Terri were goingto tryto setup some regular meetings with leadership there, to get around this non-communication mess. I have not been in a position to call such meetings -- it has been largely up to Leona and Vera, but for whatever reasons, they have not consistently done that. Hopefully that will get worked out, and we came maintain better as a united group. As for my position, it is notworking out very weel doing the inanced job (having to be on hand most of the day for money matters and being on the receiving end of the hostility that goes automatically with that position) and the radio, to getthat work done. I hope it can be worked out for someone to be there to hlep --not Terri because she is invluable here in Jonestown. But somebody to help takethe radio notes and dispatch the mg work. Someone who can relate to Leona to o. That's what would help: me the most. Sandy could ideally fit that role, but she hasnot.

Thank you for the chanceto behere again. I want to be more reliable help to you in San Francisco. I hope articulating these problems can help sort things but. Thank you, Dad. Jean

Affidavit of Sandra Bradshaw

I, Sandra Bradshaw, being duly sworn, declare:

In April, 1977 Tom Adams and myself visited J.R. Pufifoy
at his home in Fresno, California. While I was there J.R. Purifoy
stated that a Treasury agent had called him. J.R. said that
this person who said that he was from the Treasury Department
told J.R. that he knew that J.R. was an ex-member of Peoples
Temple and that he wanted to know anything that J.R. Pufifoy
could remember about the church. J.R. told the man that he
had nothing to say about Peoples Temple.

Dated this Auguest 27,1977.

Sandra Bradshaw

Subscribed and sworn to before me, a Notary Public in and for the State of California TOS- he is the first to come to mind because at the recent issue on the floor. Net only do I held him directly responsible for the trouble CL was in- thus resulting is the "little" preduct//... but I also held him directly responsible for the situation with G and the product of that. Both of which I knew for certain- are the 2 most painful And I also held him responsible for areas of your life. you having the go into the area of 'men'- since he was the first- and he would have pursued it if he hadn't been caught. And I feel that what he did the other might was awaking to put it middly ... I felt like killing him. He showed absolutly

ne secialist awareness and was talking very much like a white

Censervative capitalist.

I knew you have to trust seme people- and he has had alet of trust put in him. But he deesn't knew himself worth beansand for that reason alone- I do not trust him. I wanted to bring up the fact that he told me in me uncertain terms that he very much enjeyed that relationship etc. (that night I teld you about) but I den't know how much people can take- and I felt not free to unload all of this on his that might.

I did not see the final conclusion- I doubt that it would natter in my epinion. The damage was dene- and in some ass-y

cases- I hepe it wasn't irreparable.

When you are gone- I den't trust him to rely on women's spinions- I think he has a 'healthy' fear of you and that it must remain that way- since he is indeed very much like a child in many ways. I would hope he would also have a "healthy" fear that if he betrayed this cause- I or semeens else would not hesitate to de him in.

I am appaulled at his treatment of you and all you have deme. I mever liked him- and de even less know- I speke the truth the other might- the only respect I have for him is in thrms of the work he does for this cause- but when I see his responses the other night- I ask- why does he do it? What is in it for him? For I don't trust his knowledge of himself at all. And he showed he Secialist mentality at that time -em a very basic issue. I shall continue to watch him carefully-(as I have meet of my dealings with him from the start),

Mike P. :

I trust him probably more than TOS- atleast in most areas- but I also feel that he has an 'enetional' lag- of some sert- he decan't emphathize with people or things enough- he is cold- and insensitive many times. And def. lacks tect. I de think he would probably follow a weman's advise quicker than TOS- but I still would question how much he would in a pinch. I also question his tenacity- he hasn't been here that long- and in one PC, he ad, he wouldn't like to be deing this for 5 yrs. BB-4-B,

mere- I think he relates to you more as a child- and finds a certain 'confert' in being close to you in the work. I wender how he could carry on without you. He once said that he was relaaved when you were not around- or out of townor whatever- because is meant less pressure- or some such thing- which I felt was just the expession of the way it actually is.

It is much werse for these in authority when you are net around- and I felt that his statement showed at that time atleast- that he was relating as one not left helding the bagbut rather as one who could let up while you were gone.

I basically like him- and feel he has some good qualities- (such as when he was stepping forward to tell the general congregation that he had been fucked etc.) I feel he does have more hencety than the usual (esp. for a 'man')but I feel he needs the balance of a woman's decision- and also needs to become more realistic in some of his dealines. (and more sensitive)

Mike C.

I basically like him- the there is a streak of chauvenisa that I think runs there- that has to be dealt with- when taking instructions from a weman. That plus the aura of being a "layyer"- I feel will have to be handled- if you are not around. I den't question his levality. But I have my doubts that he would effectively function as a leader 'front'- with directions coming from wamen- if he had to. He also I feel needs to develope more sensitivity and tack.

Terry B.

I feel she is loyal. I de think she high strung- and ever-reacts at times. She makes me nerveus to be around hershe is se paranoid. I wender about her health- and stamena. And I feel she needs a certain amount of feedback and positive strekes from you- that may determine her functioning in a time when you are not here. I originally thought she was nessy- (and she was at the time) and I didn't like the way she put the N.Y. City situation with CRL and PC to you- like she knew that was what was going on- and that you actually had to affirm or deny it to her. I didn't like that. I also feel that now that she kind of knews what we are doing- she backs eff somewhat- but I still feel that if she didn't knew- she would still be inquisitive. But I think I basically trust her-I think she has the principles at heart. I like her- but her parameid is difficult for me to always deal with- I can't relate to it in such a degree,

4/

L.A. I have no double about her// we have had our differencesbut not in a leng time- she is leyal- and I feel that she is one of the few who will be here come hell or high water. She does have her patterns the- and I feel she functions best with a balancing epinion (as we all de). But she can tend to get begged down in details and miss the ever-all point if.

I like her very much- and feel she is very reliable (if she is not in that ever so slightly insane streak that has come up once in a great great while).

CL.-

You know my feelings about her- I also feel she will be here until the end. We don't talk much about our deep feelings to each other- mainly no time.. but so many of our feelings go unspoken- seems no need to verbalise them. I do wonder how to ans. her the when she makes the statement that the little one is just pain to you. How do I counter that one? We den't talk of him or you in much detail.

GIRCO-

She is much more balanced than she used to be. I find her reliable even. My trust of her is not that deep nor de I still like her very much. (but more so than before her recent grewth...) I def. cannot at all be objective about her.

M.I.

You know my feelings about her- I think- or rather- I know she will stand when you are game. She is tried and true.- I dem't knew how much she drains you these days.. but I have no question of her loyality or that she will be here. She deesk tend to be overly optomistic in my epinion- but then I am a terrible possimist.

BB-6.-B3

Paul F.- don't trust him- he teld me ence- he stayed because he was afraid of you. I den't think he trusts anyone and feel he has lost some perspective- with the things that he has done in Bks.- telling people messages from F. etc.- I think that has gone to his head- and Minimised his ame of you. I feel he has to be constantly watched- as illustrated by that story of letting semeone fuck him for memory etc.

Johnny- - I feel he wants to de right- but is limited in creativity. I still wender where he and Ava are in their relationship- as they spend the night together in John's reem when we are down in J.A. (makes me suspicious)- I feel that both he and Ava held themselves off a bit from the rest of us. But I think he has a basic levality to the effice- and relates in a child-like manner- but yet he has had difficulty calling the effice F. instead of J. (which may or may not denote less humility than is first apparent)

Jean B.- I likeher verys such- she is very self-analytical// I would trust her to follow thru on most anything- and would trust her likewise on most anything. She doesn't come up to IA or CL or MJ in my trust level- but I haven't figured out why- or if its just cause I den't have that much contact with her- but I trust her next in line to them- (and that; s alot)

PJ- If she doesn't freak out semeday- I trust her to stickbut I think in many ways she is an unknown- and PC had to have had a 'crasy' affect on anyone for that many fernative yrs. I don't think she knews herself very well- and is limited in her ability to analize things to the upmost. But she is very trustworthy if not under a great deal of enotional pressure- and if she is away from PC.

Sue C.- trust her to stick to principle and upheld you. But wonder if you were gene- and the organization fleating- if she would leave to try to work in some other area for socialism. I wouldn't blame her if she did- with the pain of social you suffer all those yrs.- but her attitude has been very positive recently- and she is a rock when you are gone on brief trips.

Leena- where is Leena? Tee wrapped up in herself- only works within her area- (but that is very good for the total)- but must be treated carefully.

Tish- ne- tee ego involved. Where is her head??
basically you have a crew of shit-heads to work with in my view.

Report on conversation with TS secretary:

IS asked me to talk to her about the church etc. and rentioned that JJ wanted us to try to get her in. He (TS sd.) she had been loyal and has helged him with church work (don't know what kind). And that she has always been closed mouth etc.

So I want to coffee with her and TS- he had obviously talked with her about S- she was well acquainted with our stand. He spoke of the necessary dedication and all the when ever SB asked her a question she would look over at TS and they would kind of giggle- and she would say to TS-"we went over this or some acknowledging remark of familiarity to TS. (SB thought it was sickening it looked like a mutual admiration society of 2)

- snyway- SB asked her to go to lunch sometime after that- and during the lunch conversation- the following

points were made:

D SB mentioned her own art experience (the sectretary is interested in her art work (which in itself is extremely self-oriented) SB sd. her work had not related to the problems around her etc. (no response from Martha) SE asked what Martha's phil. was- or idea of God-we finally named it as 'Love'- and she felt that not many people felt it or practised it and she felt alienated in that wag. I asked her if she thought that recole had the ability (used as it was) to express love- or did just a few people like herself know how? She sd. that she thought everybody could feel it if they tried. then SB asked what her idea of love was. would be like if everybody loved each other. then SB equated her idea (Martha's idea) of 'love' with S- and that S was a way of reorientating peoples minds and feelin's to a more loving way of living. She thought about this awhile and it finally came out that she was afraid of S because she thought she would have to give up too much of herself and she did not want to do that- she did not want to give up her sleep or her free time or her artwork

she was afraid she would be doing things she did not want to do-I told her I did nothing I did not want to do-I was not made to do anything I did not in actuality want to do. No one force you to do anything under S-you wanted to do it/ She could not relate to this at all- she obviously did not believe there would be that degree of freedom under 2 S-

I do not feel she has a positive opinion of S- and I feel that TS should back off what he had told her about extreme dedication under S and what ever- she has a fear of it- and I believe she is too self-oriented at the moment- she is extremely naieve about the world situation doesn't belive about prejudice and the suffering of outper others that she might help alleviate. She is not ready; to actively participate- she made that very clear.

from the she obviously idealizes TB-(SB)

L- the work of SA's that she thought she found was the "waste" piles I had- when he writes up a summary of an OT- and it is just a Donation- I don't bother filing the card and typing that- I just put the card bottom side up and use the i opposite side.

(but these should probably be locked up any way as they have names and addresses on)

2- I think I figured out what wind work PC was talking about I think it is the very old work that she had done that & L.A. had— and had givento me wind to add. It was on big cards— (from when she used to do it alone)— and I haven't had time to add that on — since I glanced at it— and didn't see anything that really applied to people that come now.

BUT— THAT SHOULD HAVE BEEN LOCKED UP TAULT IN SHOULD HAVE BEEN LOCKED UP TAULT HAVE BEEN LOCKED UP TAULT

work and the area- I am pretty much able to pick out people that come- now// KL apparently added that old stuff being simmex nice doing so- but I feel if that is the case- it was a waste of time since those people don't come anymore. For the most part- there is little other than straight typing and filing that others can do- since it is easier for the person doing it all the time to recgnize these things.

3- the tapes- there were some old small cassettes laying in back of my desk- I knew they were therefrom what I know- they are nothing- but I mm had completely forgotten about the big tapes in my filing cabinet- as I was not considering those. I remember- when I got them- (I think from PC??)-thinking that they were "special" due to their age etc. and felt that something should be arranged to preserve them etc. and felt not to give them to Mike P. at the time- and I forgot to mention having them.

*also on the subject of old L's of SA's- L.S. left tons- and I mean literally tons of old L's not filed-and the big one knows that as I told her I was slow ly digging them thru and filing them- but that has been low on the priority list as it is so timexseen consuming. - I'm sure she was referring to them now

that I think of it.

STATEMENT

I, Sandra Lou Bradshaw am going to
Guyana with the Peoples Temple Agricultural Mission of my own volition.
I believe wholeheartedly in the aims and reasons for this mission.
I commit myself to work diligently and to be an integral part of this
missionary program. I agree to abide by the supervision and discipline
designated by Pastor Jim Jones at all times.
I pledge without reservation my deep loyalty to Pastor Jim Jones
and to the Peoples Temple. Pastor Jim Jones has the highest character
I have ever known. I fully believe in his honesty and integrity and thank
him for all he has done for me.

THE DEBTOR

I would offer you something - but everything I have is either borrowed or stolen.

Stolen from the bulk of Humanity which can claim nothing as its own.

The faintest smile; the slightest moment of respite... belongs to others.

The despair of the millions; the agony of those death claims slowly... is no less mine.

Nothing is transferable... no negotiating.

Where then in this barren womb is the renewal? What is there of nourishment for the 'intangible'?

Nothing ...

RE: Faranoia - etc.

I didn't respond quickly to that issue because I wanted to think about it more before I answered. I have thought about it- and come up with nothing substantial.

Seems like I do remember being paranoid once about something concerning you- but I can't for the life of me remember what it was. It was not involved with you directly, but it was something about someone else or some situation that I felt I had to ask you to clear up... but I don't remember.

Sometimes L.A. makes me paranoid that she had mentioned something to someone else about me- or that she won't tell me to my face but nothing real significant that can't be worked out- and it doesn't even happen very often.

But as far as any paranola concerning you and/or what you may be thinking... I really can't think of any now. If I do- I will being it up. I trust you completely- or as near complete as anyone of us limited beings can trust. I don't think you would ever intentianally hurt anyone. I feel you care and have empathy for everyone- even people you may not personally like etc.

I have faith in you... faith- I call it 'blind faith' that has at times brought me thru things I have had to do- on the sheer thought that if you said it could be done- it can be done. I know I don't fathom your depth and breadth at all... but I do acknowledge it- and have a deep respect for your abilities. I think that you are a purely good person, and anything that may appear otherwise to people- is because of lego involvement and their own lack of over-all view of what is the greatest good for the greatest number now.

good for the greatest number (hereing)

The reason I feel life may be short when one gets nothing out of it— is because all of the bodies energy goes into straight maintance and coping. If there is no moment— no matter how brief— for some kind of 'distraction'— I feel the wear and strain on the physical body will be too much— no matter what the brain says its going to do.

what the brain says its going to do.

Also- the main things that I feel I would lie to you about- (just for reference) are the condition of my physical or mental being. That's about

The Choice

Where now?

Perhaps there is hope for life someday-but not for our lives.

Perhaps there is hope for happiness somewhere-but not for us.

No expectations— only the acceptance of the Void- the profound, inexpressable void...

That all-encompassing vacuum which demands from us that we function according to Duty.

Who is keeping score in this absurd game? Will it never end?
And who made the rules?
Such trickery!

If we wanted to 'win'... we would have already lostpitifully so.

But I wonder... when it is all tallied... when it is asked:

"Which wars did you choose? What battles did you wage?"

Who could answer better than we?

For did we not have a high road to travel and the way made clear?

Did we not find the depth of oneness never before encountered?... a moment being equal to a lifetime?

What greater heights could we have reached?

Did we not see life... and prefer death?

Is there not some Victory in the choice of Reality?

RE: SB going to PL. in 2 wks.

If I go now.. I will not be able to get away again until I quit my job- which may be I suppose atleast Sept. since TOS is leaving the area. I should stay until the very last. Also, I think I should be reserved until CET acts up- and go then if necessary. If the only problem now is Mike, Debbie and Paula, and taking Vince over- I think someone else could do that. But I don't know who to suggest.

Also- TOS will be leaving his job at approx. the time I would be leaving to go to P.L.- that may not look very good in terms of our staying in the area.

I don't mind going now- but since Helen just got back and you will be going soon- I don't know if this is the most advantageous time for me to go. I do feel that I should go eventually, and maybe take PJ with me (it might help her faith level and committeent)- but with her do stop-by's in G-town for the people on Paula's mailing list- and get something more started in the way of build up there in case we need it. If I just went with Paula- I would not be able to keep what I was doing from her... these are just points for consideration.

I wish I could tell you how very good it was to see you- to be with you. Obviously, you can tell the difference in me- even the you say you bring me nothing but pain. How can I convince you that is not true?

I feel like a huge weight has been lifted off me. I am up to my old plateau of depression- instead of the deep valley I was in. I am glad to be back at that functioning level. It had built up for a while-tho I am not sure what started it- probably only things added up. I know that when PJ left- I remember a real hurt then- that just compiled I guess. And when she came back- I knew it was not out of choice- but rather necessity.

Anyway, I feel so very much better- you must see that- and to know that you did it. You can see by what I mentioned of my "programing" from parents etc.- that the only 'love' and understanding that I have known has come from you. My life was always unhappy as I remember-never recall any pleasure- nothing- until you claimed me. How can I let you take any guilt for any of my pain- you caused me none?

This life is pain- whether it is here or there or wherever- but there is no comfort on warmth except where you are. I know how you are about guilt and all- but if I can convince you of just one thing- it would be- that I would not give up one moment that I have had with you-not one lesson that has been sent my way... not one second of fulfillment that you have given me. Quality... is what your love is. And how grateful I am for the time we have together. It has filled this life-time... many lifetimes- over and over.

And about the operation- I know that 2I can't convince you of any-thing there- but I thought about it long and hard... and you had nothing to do with it- whether or not you consented. Obviously, there was that area- that I would have disobeyed- no matter what you had answered- I knew what I was doing. I had seen too much over the past years- where you and little ones are concerned... I would not change my mind- whatever agruement you put up. Obligations or whatever- my feelings are too strong in that area... I will raise other children- fulfill my socialist obligation there- others are more intelligent- younger, stronger etc.- I will help raise there children with whatever ability I have. But I will not raise my own- not knowing what I do about you- can you see that I would have made that choice no matter...?

I am sorry I kept it from you- I would have never told you tho... there are not many areas at all that I would lie to you in- but that was one. But I could see no way out of where you were heading in your questioning. If my desire in that situation counts- then you will not feel badly about what I did. There is nothing you can say- and I mean nothing- that could convince me that what I did was wrong. There could never be the situation exist on this earth- that I would want to put you thru that- selfishly-I would not do it- for my own peace of mind. The only reason it would be hard to do- is that it was the last vestige ff romantic idealigm- and my instinut tells me that I fellowed the best path... it was no sucrafice on my part believe me...

I did not want to alarm you about the drinking- it has not been that big a deal- all I got was 2 small bottles of wine to taste for you- and they were not right- so I was 'stack' with it- I still have ½ left so- that is only 1 bottle in about a week and ½. I meant a small glass - not a very big glass at night. And when you were gone- when I came back from L.A. after trying to raise that amt.- and hours with Penny etc.- I did have a

a cocktail on the plane- (I was pooped)- but that was my first mistake- I remembered how 'good' temporarily it makes you feel. Anyway, it hasn't been a big deal... but I know that I have a real, real propensity for it again- and I will not get involved with it to any great extent. I will tell you just what I am doing in that area. I promise you... the weakness I have for it frightens me- I won't play around there.

I know that you have known that I've had problems for a while- since I haven't written you- and I know that has been conspicious by its absence. I haven't even tried... after a while- it all sounds like such repetition. And I have not had much time since I have gotten back- but the fact is still that I did not want to reveal too much of myself- so I didn't write you.

I know you know all about me- but I want im you to know because I have teld you- not because I have tried to keep what I am from you. I do atleast feel that much better about myself- I am not afraid of being unaccepted by you- whatever I do or say.

I should have talked about this when I was with you- I do not like you being with other people... I really wouldn't mind- if it was people I liked- or even people I knew that you liked- but I really, really hate for you to have to be with traitors and ass-y men. That's what I meant when I said I took what was said to mean me also... I do not like for you to have to be where you don't want to be- doing what you do... when it should be obvious to people that it is a service... I don't understand-I guess I never will... if I knew I were being serviced- for whatever reason- I would not allow it. Not meaning to be judgemental of others- I just don't understand it... after all that has been said.

And I resent what it is doing to you... you whould be spending your health and energy on the revolution- not in such business. The tremendous drain that I see it is on you- trying to be- and do all- for everyone- it looks to me as if it is impossible to do- and I resent people always asking for their piece.. Ch, I know they don't all ask- and some are hard-working etc. and those- I don't mind- it is the others that really bother me. And after the type of meeting that Sat. was in L.A.- I felt it was an "open invitation"- If you want to be screwed- just let me know.... I hope you are not over-whelmed by people- I hated to see it include L.A. also... I really do- since I don't trust any of them there anyway.

I am in no position to "resent" anything- I know that... it's just that I don't understand some things... I cann't relate to it after all this time- and I worry that it is going to kill you in the midst of war... All I can hope- is that when people get 'scared'- they will forget that they have an "urge" of some kind- (whatever it is...?) I would not want to begrudge anyone of the same acceptance from you that I have felt- it is just hard- when I think of you- that's all.

I don't like to go on too long because I know you have to read so much...
I just wanted to let you know again- that I feel so much better- and that I don't want you to worry and all. I am back on keel again- and trying to give more indications of where I am at m. I don't want to be secretive or apart from you. I don't want to have to drag that awful "image" around anymore. I want to be what I am- and become what I can be...

You mean so very, very much to me... I wish I could convey that—what you give to me... thank you for such love and understanding—and peace in the depth of my being.

faithfully, teko

From SB: re: JOB SITUATION

I am worried about leaving my job position open while our people are still in the community. I feel that while I personally am insignificant- the job is not... on the contrary... it is probably one of the most powerful in the area.

For the following reasons:

- I have <u>DIRECT</u> line of communication with both judges of the <u>Superior Court</u> and to a <u>limited</u> degree with the Justice Court. (I am supposedly the "arm" of the court... in the investigator on their behalf) ... I have a reputation for being "<u>conservative</u>, law & order, strict on the side of the law etc." and usually the Judges go by my recommendations (as I ask their advice on matters etc.)
- and the Sheriff... this enables me to get considerable information... as well as to acreu 'favors' in the line of duty...
 - 3-I have direct contact with the D.A.'s office, as well as with all attornies in the area.
- 1 have contact with the Welfare Dept .- in the various depts. there.
- There is direct contact with all local school administrators and teachers.
- 6-I can, thru my job capacity- have considerable access to assorted information throughout the state... as well as other states to a lesser degree.
- 7-the Public at large is usually somewhat 'put-off' by Probation Officersthus enabling me to gather extra information at times and to 'bull doze' thru when I might not be able to if it were a job unrelated to law enforcement etc.

I am not at all opposed to working in the area of co-ordinating the P.L.- I am willing to work in whatever area is best... however, I am hesitant to leave such a "key" position in a small town undefended. (there is absolutely no possibility of any of our people replacing me- since there is already someone in line for any opening.)

I submit this for consideration - that I remain in the job- for the above mentioned reasons- until most of our ranks have pulled out- and things are reasonably quiet- and then go right into co-ordinating Guyana- if that will not be too late. Whatever is decided will be fine with me...

2- also- I am very sorry about PJ- I can only slightly

indentify with your pain and disappointment.

I am sourry I haven't written my thoughts in quite a while-I want to think some more about this thing called "treason"and will get my feelings and suggestions etc. to you in the 1 near future.

3- what is the possibility of my misssi ng the Weds. night meeting? I hate to ask- and if it would look bad- I won'tbut it is hard to stay on top of things with the GCC meetings picking up- and so many PC's and regulare meetings- I am having trouble doing it. (you can answer this question by # 3 - yes or no...)

- RECONSIDERED- strike that request- I realize how important it is for people to "see" us.. esp. with PJ gone etc .- they might think we are not around too- I will make arrangements- no problem...

4- I am fine- will try to get a report to you re: FL. as soon as I can get some conclusive thought a together.. am still wondering the about my job- you said to ask you once a week about anticipated quitting (or if at all...)

Makes no difference to me- except I should get some kind of "story' together for them in preparation for whatever...

BB-6-11111,

I know- and truly believe that she did not want this to happen- for anything in the world. I think I know her fairly well. And besides your deep pain in the matter- I feel so badly for her trauma. I hope she can get some feeling of peace and relief from guilt as the child grows.

I know she does not want to live- and having to raise a special child- future leader- is a terrible responsibility. I do not by choice want that responsibility... (my decision for not wanting a child is obviously not purely altruistic)... but I promise to do all in my strength to help her with this child- as if I were involved in the heart of the matter... which I feel I am- for he is a child of Socialism- meant for the world. There is no private ownership in our massion here.

I don't remember why I ever said that I would have more trouble (in G's situation) if it had been another woman that it had happened to. That was so long ago- I don't know what I was thinking of. But I care for that little one. and have disliked the mother so.. that of course I could care for this one - even more so- for I care very much about the mother.

I didn't mean that I didn't want to see him this trip- I only meant that I feel her need now- I guess that is what you meant when you said your wished they could stay babies- for they are somewhat less intertwined in our consciousness. (only slightly so the I suppose- and that changes rapidly)

BB-6-KKKK

After that meeting- I just wanted to tell you a few things. I really hate those nights. I want to be there to see you- but the pleasure of that is nullified by the pain I see you go thru. I know you don't care if I am hostile. And- I don't know- if my hostility nessesarily has to be to you by my not wanting to live- I just thought that one would be appropriated.

I Non't think of you much as a father.. mainly as a leader, an example of what I should be. When I don't live up to that-I am hostile at myself. And I get hostile at others when I see the imperfect parts of myself in them.

I see you also as many roles.. the authoritarian being just one. And I do not equate you absolutley with the roles you must play. But I must admit- when you say that we all take advantage of you- and manipulate you etc.— I apply it to myself- and feel awful about any of it I

might do.

I wish I were more loving and had more patience—
I might be more of a help to you. You sure got
the raw end of the deal with me as far as I am
concerned. I would like to be more of a support
than I am. I don't want you to worry about mewhat good does the worry do? The crucial decisions
were thought thru long ago— its just getting thru
this hell in the mean time.

I am sorry you have to behere.. I don't understand why such goodness must suffer continually for such ass-holes. I hope the rest of the universe is better organized than what I see of it here..

Anyway- I just wanted to tell you that I care very, very much for you. And need you in so many ways. But my life is full.. and I want for nothing. Thoughts of you support and sustain me- but I am nourished by the principle (personified is an extra bonus to be near...)

We are joined in unity to a sacrad principle.. spiritually onc. The physical distance between us cannot deter that union.

1 remain totally committed to you- not because I have to be- but because I chose to.

faithfully...

Socialism to me- means total equality eventually. Not now, not in the beginningnow it means- some people have to work harder to be examples to others to lure them
away from the trappings of capitalism- to the ideals of socialism. To just say to
people that under socialism, there will be no more hungry babies, etc.- doesn't seem
to make it. Most people don't get grabbed close enough to make them work hard, to
give up things to make socialism work.

It is an ideal to work for- not something we have now- or can probably even hope to have so that we- the workers- can reap the glories and benefits of a socialistic way of life. I feel we are, for the most part much too corrupted by capitalism, to become engrossed in socialism as a replacement. Most of us have not suffered enough, or even if we have, there are still remnants of wanting something that someone else has etc. - it looking appealing in some way or other- an intisement (Sp?).

Anyway. I can see that we are going to have a hell of a problem getting most of the people we have now to work and live under socialism. There will always be petty jealousies and comparisons as has been set up by the capitalists. How to get rid of them? When will the big purge come?? When we are all hungry-? or on the way to jail?? Somehow, I don't think so.

Socialism is an ideal... and some of us are idealist in one sense and dreadful realists in another sense. But just because we ourselves cannot be in the new established order that is to come-does not detract from the beauty or righteousness of it.

Socialism + (Communism) is a total re-orientation of our previous way of thinking. A new outlook on not only ourselves as individuals, our work habits, our attitude towards work, our feelings for others, relationships etc. but it is also a complete dying of our present thoughts and ideas, things we have been brought up with- things that seem to be habits, even thought J example has shown us higher ideals— we are still for the most part in a capitalistic groove.

From the P.L., I can see how just and beautiful a complete Socialist way of life would be. To be able to get up in the morning feeling tlean, to go to work in any area-that is obviously useful and of value to the collective- even if it is cleaning the latrines. To be doing something worthwhile...

Now, I am satisfied to have something worthwhile to die for- and hopefully to bring about something more worthy for those to come. It is not important to me that I be able to live under pure Socialism... but more that I have worked to help bring it about- or even to help to destroy the horrible corruption of capitalism. My personal expectations for this life are few. But I do accept my responsibility to work in the PL. if nessecary to build Socialism and Socialist consciousness there- if that is what I should do.

Tho, by choice, I would like to go out of this hell hole world in a blaze.. either of gun fire, getting some (many) mother fucking capitalist... or in one (or several..) big explosions, well placed. That would be my choice. However, I don't expect that not so easy...

Instead- what I am willing to do for Socialism- is to keep on living... and fighting against capitolism- and fighting to establish a new Socialist/Communist order- all over the world. I will fight wherever, when ever I get the chance. If something should happen to this cause- I would go on my own- use whatever resources I could muster- and keep fighting- and atleast take a good number of our enemies and fascist pigs with me.

I plan to be here and to fight to the glorious end...

(P.S. D will also be nice to traitors who return- even if it kills me.)

I would like to share some experienced have witnessed since becaming a member of PT. I was an atheist when I first came to the church-I had been first attracted by the human service ministry... but the miracles that happened without fail at every service changed wind apinion.

I remember one older woman Roxanna White of LA. came to a recent service she a had been crippled in a wheel chair for over 5 yrs. Pastor Jones thru the gift of revelation told the woman a number of things about her personal life and spoke the word to her... in a matter of seconds,, the woman had been freed within from the bonds of her affliction and was running around the auditoruim jumpin; and was prabsing the Holy Spirit working within pastor Jones.

another man-ROY HARRIS of S.F. was called out of a healing service and told that he had had 5 operations on his back- that he could not bend over at all... The Spirit reached out to this man as Pastor J spoke the word- and this brother was then xablex tax doing deep knee bends before the entire congregation. His pain had left him and his bones have become flexible again.

- a woman- RUSETTA FARROW of Stockton had a bad spinal injury which caused Drs. to put her in a 47 lb. traction around her neck... taxtake xelecterization axis ingxthexex. She had lost the use of her arms and legs. She was taking 4 to 8 codine and radium pills for the excruciating pain she was going thru. Pastor Jones then send the Spirit of love and Diving Compassion to her- and she was instantly healed. She in manage now has complete use of her arms and legs- takes no medication... and has been released from treatment.

another man- JAMES PUGH of RV. was healed of many, many things that he was suffer ing with for so long. He was healed of terminal growth (**) (Gence'), of heart trouble and diabetes. The life was literally draining from him. Drs. gave him no hope. He came in faith the Pastor Jones miraculous ministry and was delivered from all his afflictions. He now works on a hard physical job for many hrs. a day- even the is not a young man by society's standards- he works with the energy of one 20 yrs. younger than he is.

BB-6-RRRR,

But what I consider equally important as the miracle healings— is the dynamic human services ministry of PT. RESERVEY Thru Jim's example of genuine love and concern for others... our church has established programs and facilities to meet many varied needs that come to our attention.

Recently one of our Convalscent hark centers won an award for most highly rated for its level of service and care in the entire Redwood region.

- Many of the college students are formerly drug users and have been rehabilited thru our church program... one young man was on a \$200.00 a day *** drug habit- and when he joined the church- he quit his drug use- and his body suffered * absolutely no withdrawal symptoms. He is now working productively for * peace and brotherhood.
- there are all races, all religious backgrounds, all educational levels, the a great percentage of our membership consists of praphs professional people; there are all manner of people coming together to serve god in the highest way- as Jesus did- in service to our fellow man...

what if he ander stand of profuses(?)

possible questions from him...

Have you ever been healed personally??

Yes- many times- one in particular- was that I had suffered with constant kidney infections since I was a child. My mother had taken me to so many specialists that I was not only losing faith in medical science, but I was resigned that I would have this painful malady with me always. But it was in my very first marking healing service that I was called out by Pastor Jones personally. He then told me the details of my life that I had mentioned to no one in the room. He cla ped his hands and spoke the word of healing and relief to my body- and I have never once been bothered with this kidney problem since.

Have you ever seen any ne raised from the dead?

from Pa.

Oh, yes- so very often... I have never seen it fail- when someone suffers a heart attack or stroke or whatever causes them to fall... Pastor Jimm reaches out to them in deep love and compassion and they are revived... One such woman was Doroty Worley who had fallen down a long flight of concrete stairs at a miracle meeting. It was obvious to those around her and to the registered nurses. that e neck had been broken and that she was dead.

dimx Pastor Jim slowly walked to the back of the auditorium and with an air of dignity and quiet reverence- he placed his hand upon her head and she was instantly revived.

question- What or How do you account for what you seem of the miracles and power that your pastor is said to possess?

"I'm not sure how the Spirit works thru Past. J.- all I know is that he has more power than anyone else I have ever heard, and he only uses it for good.

In fact- as long as I've been here - I've never seen him do one selfish act. He won't even eat until he knows that all of the people have been fed. He makes a certain that all appropriation has a ride home from each church service. When there are things left undone and overlooked by members of the congragation—Jim is the first one to tend to the unfinished task... whether is appropriate the floor or unstopping a clogged toilet with his hand. There is appropriate the floor or unstopping a clogged toilet with his hand. There is appropriate to takes no thought for himself or his own well-being... has constant concern if for others.

Past. J is the highest manifestation of LOVE that I know... this is a term that is misused more than any other. I am speaking im of love in terms of Serving others and meeting peoples needs— as being the highest manner in which a person can live their life.

and J is carrying out the scriptures according to Math. 25- by establishing a vast ministry of human service. and is leading thousands of others to follow in his Christ-like example.

1- What or who do you see God to be? God- to me is socialism +// if pure socialism* were to be cultivated- all peoples needs would be met- all advergity and misery would be alleviated // JJ is the personification of the principle of socialism+// // before I came to the group- I thought god to be the commonality of the universe- that is- something like the common binder of the life force that flows thru everything. I never perceived god as bing being work, love - as bing something very lovingly practical- and of benefit to all people- I guess I thought god was more generous and kind is to some than others- and the majority of people af got left out. JJ as the socialist god makes my ideal of 'God " totally perfect and fair and just. I do not need to refleat on where or who or why of JJ- just that he is- the total profound goodness, love and infinite knowledge and wisdom- fall of compassion for the whole of life- to the very smallest of us.

2- What do you feel is the best course for the church to take now and in the future?

this is a difficult one— I guess it depends on my out—
look for the future. I don't think the future looks good—
that is— I do not know if we shall ever get out of the
mass we are in— the world that is. I do feel that those
of us in the church— and others (hardly any) in the world who might be in touch with the ideal— we may get thru
this stage. But as far as the hell of the world—I have
my doubts that we who are alive now will see any great
advancement of levels of thinking and feeling. It seems
obange for good— sensitivity— is so very slow— and in
many ways— Just not feasible in our present considuences.

I feel that the level of socialist considerings has to be constantly professed and held as the only ans. and the only may - which it is... If a core of us could learn to expound these ideals- changes will come- slowly- but in the end- I cannot help but think- so much of it is useless- I have my doubles that the considering of the masses is able to grasp socialism with out total destruction of the present-sound attuation.

In this case- it may come down to the fact thateven if we don't get thru this with any great amount of
world change- we can say that we tried to live the true
principle of life- socialist awareness. That to me is
the important thing. So we go along- with the currentexpounded sovialist ideals as best we can in the corrupt
ion of this society. I would rather the solidarity of
staying here and being markemented persecuted- and all
going in this way- than to leave in fragments and to
watch the weaker of us give in to the evil of capitolism.
I would rather see the death of all we worked for than
to have people selling out.

B # 2

3 - What do you feel about HEAVEN, HELL AND IMMORTALITY?
- heaven- is a socialist + society// hell- is this
world exactly as it is- the daily hell of having to live
in this corruption- to have to deal with the walking
dead, vicious ones around us// to watch our childrens
minds being penetrated by the insanity of the system//
to watch our elders disgraced and discarded// to watch
the total degradation of humanity- to see it at every
turn- to feel its ugliness with in our own being- that is
the worst hell ever imagined.

heaven-(to go back-) is a society where the individual becomes important inrelation to others// where all needs are met-physical and mental// where we all feel the importance of working together with minimized self-interest. Where all forms of life is reversed and we are all sensitized to the pulse of life- and have an accepting love and concern. Heaven is a socialistic society- and if that is indeed not heaven- than- that is all I want...

4- Do you believe in the VIRGIN BIRTH and the Vicarious Atonement? (and who cares?)

- virgin birth- no///vicarious atonement- no- we all have to carry our own cross- make our own decisions (with the profound example of JJ and socialism) - and we must all ubtimately be responsible for the consquences of our actions.

5- Who in your opinion is the greatest man who ever lived? easy- JJ

6- What is your main philosphy of Life? My goal I guess would be toward selflessness- in the example of JJ- and for the purpose of socialism. In my more contemplative moments- I know that I do not expect (or try not to) anything out of life. Why should I even think that I have any right to get any happiness out of life? I have found that as my expectations of life lowered (in my own self-interest) -then The happier I was. I try not to set up any personal goals- I would like to become nothing- I have to work on skubmitting my will to the betterment of otherse and I have so very far to go-I do feel more realistic than I ever have- and am thankful to JJ for the awareness of my limitations- and of my notential. He has given so very much- and I as so unappreciative. I hate being human- I hate to face what it means to be me. But Ji's love and the purpose of S have given me hope and a security as never before. And the awareness that thru socialism I can trust others as well and myself- and work together for something worthwhile.

(back up to # 3- I forgot IMNORTALITY)- to me -this life cycle thing- is like one giant obstacle course- with the plan laid out for each of us- with the end result being

BB-4-77772

88 #

the same- we all have to learn the same lessons- for our own good and self awareness. We learn them at different speeds and at different times- in diff. ways. But we all go to the same school. I suppose that if we should ever get thru these grades- maybe someday we might have a choice to quit- to cease to exist. That to me would be immortality.— not to exist-ferever- but to have the choice of not to exist at all...

7- What do you think the future holds for America?

I think (and I hope to see) that America will fall down completely// It is built on correption, greed and insanity. It is rotten thru and thru. There is nothing left (was there ever?) good in this country. It seems it has always been built on pain and misery. I know capitolism will fall- but not before the final death threes of fascism. This we can expect-// that in the last days- there will be suchk horror and destruction and disregard for life, as never before. I giant will be falling this time- and the fall will be great... hallejuhah!

8- Do you believe that any and all kinds of miracles are possible?

ysa-I do// I have not the faintest awareness of the tremendous power force of love, goodness, and justice in the universe. We can call it JJ and say it is socialism. I would not even try to analize the source or all the possibilities of its expression. We are the most highly honored people in the world- to have JJ here with us- to have him man pour out his spirit and his energy for us-to the nth-degree. To have the power and truth of S- as a workable solution to our misery.

My doubts would probably come in relation to the fax fraility of our human nature. I think probably the hardest miracles are those of changing the individual—that painful and sometimes common like Jean—and that situation—things appear so hopeless—to know that he was in the direct aura of UN and immersed in the principle of S-for so long—and he did such shit. And to realize the very few people besides JJ shat I would ever trust to follow 8- that is painful to acknowledge.

But then I see the tramondous miracles of personality change and goal reorientation- to see staunch apitolist be converted to socialists- then how can I question the possibility of any and all miracles.

9- What do you feel are the faults of the church? - our pitiful human nature... we take advantage of JJ deep love and compassion- we are so intentiate insansitive to the needs of others- and of our own responsibility. I feel J^{J} 's leadership is the wisest, most loving and compassionate- I do not feel that JJ can be wrong. I trust his judgement and his infinite wisdom- and would

RR-6-7777-3

SB # 4

like to think that I would follow him anywhere. I want to be filled with his spirit and to emulate him as much as I am able.

I feel that we are the faults of the church- we fail to take on each others responsibility- and to put our selves to the test for others. We talk greatwand shout and dance-but we lose our zest when it comes to practical labor of love- for socialism.

10- Are you saved and filled with the Holy Spirit?

- yes- I was saved when I was convinced of the rightness and truth of socialism. I was saved when I saw and realized that JJ was the ultimate goodness and source of truth and love and justice. And I am filled with the Holy, righteous, loving spirit of Socialism. It has a hold on me- it has penetrated to the depths of my beingthere can be no other way but this one- there can be no other way but this one- there can be no other leader of mankind than JJ. We have no other choice but to follow that which is so obivously and sonsistently holy and just. There is no place mix to go- but to the source.

NOTES from the L of the 8

the staff has wiped out progressive & revolutionary thought, the 8 know that some of them were kept out of staff by staff because their ideas were and are too progressive and black/ anyone with an active mind

is called queer in a degrading manner.

-they know there is too much on J and he has to rely on staff/ this puts J in a vulnerable position because staff has lied and give him wrong info & support the wrong biases.

-in terms of choice of staff Christine LUcientes, who is suicidal & once walked out of the church because of hostility, & who fairefarmaking failed nursing school, was picked for staff, yet Jan Wilsey who stands faithfully at the door was not chosen.

-If J went to jail the staff would let him rot their but the 8 wouldn't

-the 8 wanted to get the children - the rest of the group wanted to go on if J doesnt meet with them. -they are mad Chris Cobb wasn't allowed to get a new car.

-said don't believe in religion, reincarnation, God hereafter/ only believe in today, don't look at the future or part/ staff would let J rot in jail but "we won't"/

-they said Mike and Sue were doing there their own thing in Oakland/ that they took money out of the college fund and dadn't put any in.

BB-G-BBBBBERS

I den't know if you want to deal with this publically or notbut from going over the L.A. files reports given by Rhonda

Fortson- I have found the following:

(access form)

1- there is detually very little actual contact and calling being made- there are a small number of people doing calling-(and probably not all very competent representatives)- it seems that Rhonda does few calls- (even with her other jobs- it would seem she could do atleast 'several' a day- but this is not se.

2- on their calling and visitation- they seem to be going over and over the same people. Follow-up should be donebut they are not reaching enough people.

3- I have found few- or no- listings of visitations or calls from wither Johnny or Paul- maybe they don't report them to Rhonda and that committee- but naither de they give me a schedule or any accounting for their time (for possible suggestions of improval etc.)

For example- histed the weeks report of July 11,- (not clear exactly what length of time this entails) - Dorothy Brewer made 1 call on 6/29 and 4 calls on 7/2/

on the Suspension calling for the same date (July 11)- there were ? calls made by Sheila Cole on 7/1 8 calls made by Gary Tyler on 7/1

4 calls made by Rhonda F. on 7/1

6 calls made by Helen Cele on 6/29

listed on the same report was the figure of 158 on the Regular Suspension list (members that have missed 4 meetings)

and 189- of Suspension II- those who have missed 12 or more meetings (there should be MUCH more contact with these people)

(these have me phone) and 533 of Suspension III- missed 12 or more meetings- these people have phones- so def. SHOULD be contacted.

I know for a fact- that there are many, many people who have for I reason or another stopped coming- (many Off's don't come anymere) - and I think this should be a major phase of L.A. leadership.

there is a letter from JIM CORB to DANNY PIETLA:

JIM Cobb says- Wayne is somewhere else... he loves you..

He wanted me to see you- he cried during a meeting- we had because he fix felt you had been hurt by his leaving-x he wants you to read Lenin, Cha, Marx, Castro - He wants you to follow JJ- he is the only Soli...

The reason they't left has nothing to do with JI or you// We have some things we feel need to be done. Wayne wants you to know that he will be back keep yourself together Dan- I hadn't planned to write to I'm unprepared. Always ask why- when you don't know -the 8 of us love you and will see you a little later.

Re: Jim Cobb I'm June of 1972 Jim Coll nay mache thought that I would make it (meaning a Black militant swolutionary). I knew that was what he meant because the joint of all those little cathorsis neetings was to bring we all around He emphasized that I was going to be all right to this. and with that he kissed me. I thought that he was so committed at the time but backed out of any kind of an affair because of fear of being brought to covered and fear of the had a manipulative approach about dedisation to the cause. He hates me and called me a racist in July 13 for something as truid as not wanted of drinkmont of a cokebottle that he had. One thing which struck me funny is that I always felt uncomfortable saying what an asshole J.C. was around Mickey. She never talked bad about him and when Il did rever commented.

Les Verri Pietala.

There told Diane Wilkerson to pretend that she had a gun and to put it to my head and registe thin it would talk (= sprif '72) — Diane did it.

Buri had a hold over Mickey (not that mickey didn't wont it).

She came down to see Mickey a few days before they left and stayed out until early in the morning.

Mickey drove down to S.F. several times last year before she started working to see Veric.

Re: Mickey Touchette

Makey was always acting like she was a Malcolm X militant. She was always tight with lessi P. and even supported the Fascism that went on at the dormitor from we supported the Fascism that went on at the dormitor from we supported the face). We were told by the connectors to just forget about the past so a lot of the blit that went on was never brought up. (Other people that supported that ordeal in this porticular eollege meeting was shown Colly Lexa Flowers, Vera Siddulph, Orana Wilkerson, and Jan Wilsey the dorms after fine lost told her that allof us were going to Redwood Valley the told the that allof us were going to Redwood Valley the told the that. She siept a let and when it asked her what was wrong she acted like it was nothing or my imagination. This was about mid-July and it was within a week before vocation that she started acting what it thought was normal.

Mickey always talked about how sick male-female sexual relationships and said at least homosexual relationships were more honest. When I composited her with the fact that sil relationships were sick she seemed reluctant but did half-heartedly agree which makes me think that ture was intent her motivating factor. It is sure she had something going with Jam Colf also because when it came home from school fine would leave and go upstains (I figured it was just because of me - I knew already that he hated me so nothing seemed strange because I thought it was how and John that he was hanging nound.

This PAGE IS A SUMMARY OF The FOLLOWING KEY POINTS of the L from the 8

STAFF HAS TO BE FUCKED TO DO ANYTHING (to be loyal)yet others who are told to keep the standards, Ted Ballard and Dan Pietila are lied about, called fags, thieir reputation spoiled - yet ted seduced by one of staff -staff handled easier - Mike & Harriet not talked about publically except in PC -Grace Stoen not forced to have an abortion -PC still held in homor the betrayed

NX J SAID MONEY DOESNY MATTER

yet Helen take treated special/ J told the people "dont talk about Helen unless you bring in as much money as she doexs" she is the racist/doesnt recognize black people in public. This is capitalistic

NO BLACK LEADERSHIP

-blacks on staff are not revolutionary

-whites are put on staff after 3 or 4 meetings but not blacks except for Lee I & he's a hippy intellectual type.

-Revolutionary blacks are attacked as homosexuals by staff & are castrated & withey put up with it because they think J approves or they fear J would slap them down.

-why arent revolutionary blacks coming into the church -Choicy, AJ, Alice not revolutionary/John Brown used

just to g take offerings.

-staff whomen chooses staff/ have kept out some of the 8 because some of the 8 are more progressive & black in their ideas.

-why arent some of the whites sent to LA, CL, PC, Gene Chaiken, SB (even Lee I was considered to go to LA & he's the one Black put in leddership right away)

HATRED OF STAFF

-many have come to the 8 who hate staff with a passion/
the \$\pi\$8 told them \$\pi\$ to write \$J\$ but they wont because
they fear it will be used against them/ these people
feel worthless and scared/ they feel the staff is held
sacred & aloof from the common people/ the movement will
be crippled & destroyed because of the staff dealing with
members that have faith in \$J\$.

-there are no blacks to represent discontent of people with today's evil

-leadership is aloof.

BB-6-DDPDD-

YOUTHE GROUP

-used to be united & strong/loved Communism & hated
S. now wont go to choir/hate church meetings/Cathy Stahl
and Eliz Godshawk left church.

, L from the 8

-have to be fucked in order to be loyal/ they demand J's sensitivity/ this is grossly sick. the following have to be Fucked:

JB SR, Andy Silver, Mike Prokes, CL, SB

-Ted Ballard secuded by an older white schitzophrenic woman/ his image was ruined in the church/ feels worthless / now he walks the fucking street mux an outcast.

-Dan Pietilla & tries to follow guidelines set by staff to leave Robin alone especially sexually. Lois Ponce told lies about danny

-Staff is out of public range (protected) while Ted made to look like a fag and a sexual deviate/ what's dan P. to think when he witnesses such unfairness.

Grace Stoen doesn't know her ass from a hole in the g ground/ was fucked to keep her in PT/ accidentally got pregnant & doesnt have to get an abortion contrary to

C lawk because she's staff.

-Mike C & E Harrist's perversion not talked about in public/ this is double standard mixim and this is working against loyalty/ temporary secrecy will be kept but not loyalty and not the spirit of S

-J said money doesn't matter but everyone with money is on spectal projects & on staff/ Helen not to be messed with/ it was said "Don't talk about Helen unless you can bring in as much money as she does" she is racixet thru & thru/ ignores black members in public & there are many testimonies of both black & white people of this. In regard to Helen this is a capitalist overtone with no S. Concern/ Helen is condescending.

-Several people have come to different ones of them with doubts of staff & goals & money/ they, the xmmax ones who are complaining, feel worthless & scared. The 8 told them to write J because they, the 8, didn't agree and didnt know how to help them but the 2 complainers are afraid because they feel staff will use it against

-many hate staff with a passion. leadership aloof/ sacred from common people/ movement will be crippled & destroye because of the staff dealing with members that have faith in J

-RESEX J has said whites have no potential but then where is black leadership? Joicy Clark, Alice Inghram & AJ have no awareness/ AJ out of date

-there are no Black people to represent that the discontent for a today's evilness, that will listen to or follow staff/ Black people are baing had for money or anything else/ John Brown doesn't know what S is/he's only used to take offerings.

B13-6- - DDDDD6

-no black person put on PC right away. Lee I is the almost the only exception. Lee was put on after about a year but his ideas are pseudo hippy intellectually oriented

-Black key members have proven themselves thru the years/
yet they still stay in the same capacities yet some
come to PC after only 4 or 5 meetings such as Mike Prokes
Annie Moore, Gene Chaiken & Terry Buford/ how much mid
do they know about S. New white middle class (upper
middleclass) people put in such staff positions & are
trusted & treated better than Blacks.

2-why aren't some of the whites sent to LA? Why aren't Gene C or Sandy I sent? they have made mistakes and the 8 know for sure about that. I Lee I was considered to be sent to LA (in other words the black one would be the one considered to go)

-PC is brave/ send her/ she's hyper as hell/ exposed the work instead of being quiet or take a pill. yet she's held in supreme respect because she's on staff.

-CL is negative as hell in church when she does show up. she wonders around not doing church work this is not just the testimony of the 8 but a lot of people still in PT express this.

-Karen L walks out like "super pussy"

-Skusan Cartmell talks about people left & right yet her wardrobe is enough to make a rich capitalist jealous. Sue & Mike didn't give any money to the college fund last year but Mike took money from the fund and they had their own as separate apt.

-the mix nit picking staff takes advantage of the chance to castrate black men/ this is perverted/ thas shows

staff is the threatened.

-staff creats guilt in males/ the blacks take it because they think J approves & because J will slap them in/ staff breaks the spirit of revolution in black males.

-why have no blacks come in with the spirit of revolution.

-staff castrators of people/ in past 6 years) call them homosexuals & talk about sex, sex, sex/ why isn't S the top priority, 99% of the speople in PT know mothing about S/ no Revolutionary teachings like there used to be.

-staff came in the nite to steal books from those who have them but Mike C kept his. Whi Tim Stoen & others were told not to read about S.

-Youth group used to be united & aware of \$xxxxxx Comm. and mopposed to S. now they hate church meetings and dont go to choir/ there is no youth group now.'

-when the college people used to run the wantex S meetings all would come/ now its going down hill & Cathy Stahl & Elizabeth Godshawk left the church

Report on CEL work situation:

Last week she and Powere in L.A. (the week of Feb. 17-21)// they had 108 things to work on- and 5 full days in which to work as they stayed down there after the L.A. weekend.

1 got back approx. 40 things... and 21 of them were C's that PJ did.

My records show they did nothing the 17th- and 4 V's on the 18th// and PJ did 6 C;s on the 19th and PJ did 14 's on the 20th and CIL did 5 V's PJ did 1 C on the 21st and together they did 9 V's

PJ typed the above and said that CRL had the rest of the work... I asked CRL about it and she avoided the issue- and finally said she had 12 of something (C's or V's??) somewhere... when I asked her specifically for them last night- she went to get them (supposedly) and left the house... we didn't know where she was (not at the office) until the next day(??)

I had KL tell her again when they went to leave for S.F. together to leave the stuff as 1 had to get this weeks work together... and nothing was left- so I assume that there is nothing to leave.

She acts this way when she is hiding something (i.e. when she stole the \$50 from me in change-she "went to get it" about 5 times- and obviously had no intention of returning it as it had been spent previously)

I gave she and PJ \$120 for the week and got none back- the last time she and PJ were supposed to go to L.A. (PJ. had to Lly back) I gave them \$140 plus \$20 apiece for their own spending \$- and again I got nothing back- (and CRL gave me a flimsy accounting for \$140 of it (counting the 20 apiece)- so I think she got at least \$40 of that \$\$ if not more.

She was home all day Mon. and slept most of the day- and did not clean out her "stuff" from Sun.-she left it in the back of her car- (Igot it out and disposed of it- and LA. brings the new) This is her only "responsibility" and she won't even do that- she still carried the bottle of "B"

around under the bus even the we have told her countless times not too- and leaves old "stuff" under the bus for week of so between meetings- and that smells so that other people notice it.

I feel she is extremely careless- I find bits of papers all over- (in her car etc.) and I think she would really like to see this work come down. I downot know how to deal with her particular brand of insansty- she has the intellectual capacity to grasp what we are doing- but it so self oriented that she is an obstacle- and possibly and dangerous traitor.

I feel so hostile to her- that if she ever did anything to hurt this work- I would kill her. I feel that her kind would deserve no mercy- as she knows exactly what she is doing. I don't think she is any more "crazy" than the rest of us.- its just her type of manipulation.

With the small amount of work she does and the hazards she craates— if we were to send her some—where else— (the jungle????) we would not really miss her "contribution"/

I feel somewhat limited in how much I can personally deal with her because of other things... and I know everybody else is worried to confront her and she insists on asting so crazy and irrational.

I hate to even mention this to you- but I feel she is a very real source of pomential treason- and she is not improving (or it doesn't seem to be)
Too bad Nike can't fuck her etc. and get it over with- (too bad for mike but)

I can really offer no suggestions— and the situation can go on as is — (it has been so for years— or atleast 1 yr.) so we can keep on pulling her along—(it does seem that she is increasing careless with her "stuff" tho—) KL sd. she used "fish" the last L.A. weekend— and it smelled distinctly so— and etc. etc. and so on.

BB-6-NNNNN

Analysis of PC members:

- Judy Ijames: weak- will probably accomplish something i.e. nursing-but everything she does will be as a result of being pushed by the office. Slave mentality// self righteaus- lets others do the talking to that ass-hole- and he senses the weakness. I will try to spend some time talking with her but... I'm afraid she will have a long term dependancy on the office. Doesn't face herself.
- Norman james: Ass-hole deluxe// will never change- only modify to suit our expectations- ie. Lee I. Hostile- infantile self examination. Prognosis: poor- will have to get him in an extremely controlled entrornment.
- Sandy Parks: Needs to be related to- slave mentality- limited ability at self examination- but very able to function in a structured routime. I'm spending some time with her- but am afraid it will take the ultimate to help her. Fairly stable and faithful I think.
- Joyce P.: Superificial- but I like her. Self motivated as to her own ambitions but in her areas- she is good.
- Dale P.: naive// purist appearing// limited self awareness- but I feel is faithful to the office basically.
- Ben B.: limited self awareness- and doesn't care to either- very intelligent- but doesn't use it- very dependant type- I feel he must be programmed but can be productive if sat on constantly- needs structure. basically ok.- but has some sick inconsistancies in his personality I feel.
- Jim R.: very dependant// passive hostile type// always must deal with him- demanding. do not trust him very much. Must be treated carefully or explosive reaction- little self-awareness- and doesn't care to.
- Jackie: knows nothing about herself or most of what is going on- has checked out on us. very hostile I feel- and not in touch with any of her feelings. **max** don't know what will help her- she may function empirically until the times comes to do otherwise- then may not have sufficient grasp of theory.
- Eva: trust her with money- but wonder about her grasp of the ppy alsois clannish with those she esp. likes- still feel she is too capitalistic.
- Helen: basically like her- and trust all except that family oriented and pride part of her.- image is important with her too.-
- Lee I.: do not trust him at all- he must be constantly kept in checkvery hostilem and could get out of control ie. ego- hasn't
 changed much over the yrs. except as his wife has forced
 him- and then not much sinks in. No self awareness or
 denies all such knowledge-
- Mike P.: basically trust him and even like him somewhat- I feel he is probably a fairly decent person- gets pissy at times- with staff women in authority and pushy until relents. Feel he is loyal-
- Tim S.: basically trust him- but as with all men- must counter his destrions with the balance of a woman. Devoted to the cause and somewhat more aware of himself. Personally don't care for him tho.

88-6-00000,

- Mike C. L of the threem three men I trust mentioned above- I feel that I probably like him the best- tho it is probably because I haven't worked with him that much. I have seen him be ass-y but also he has humbled himself to the principle- but now as I think about itit has seemed that he has done so not without much difficulty. I feel he is dedicated to the principle- but also that he is still chauvinistic. Actually as I think about it- I would put all 3 of them probably in the same catagory. And also as I think about it again- probably Mike P. is the least chauvinistic. I guess I was thinking more of years of service in the instance of Mike. C.
- Tish.: do not trust her// she is jealous/ petty woman/ of the old school. Don't feel she knows herself- or cares too/ Is condescend ing to all. Is also chauvinistic. Too white. Bourgeuois intellectual.
- Grace: I am beginning to think more of her but ... still have a definite ways to go before I like her- appreciate the changes she has made-but cannot forget the price involved- and the knowledge she had all along and her selfishness.
- Richard J: child-like// but basically I trust him- tho he is seemingly inconsistant in his descipline and principle first theory. Becomes too self- oriented. Condescending and chauvenistic.
- Claire: whinney person// selfish// becomes flustered// do not trust her to keep her head on any desision making matters. Too dependent. weak person. no gumption.
- Don B.- basically like him and trust him. Chauvenistic- and at timesrespector of persons- ie.- he wouldn't talk to me the way he would to Bonnie, etc. (not because he related any better- just status) works hard.
- Danny K.- do not trust him at all. child. selfish/ stunted emotionallyno hope at this time- only to programe and control him until. I did used to trust him in the working area- but not even that now.
- Edie: basically like her- also stunted in social development- sometimes very short and argumentative with others- comes off self righteous because of this. basically trust her devotion to cause.

Archie: no Rosie: nox

- Beckie: careful there// weak areas- lots of needs- has shown character and worthiness.
- Phyllis C; : do not trust her- she is too weak// crazy// I feel she plays games on herself and others- too smart to be doing this. dependant type- doesn't learn from her experiences. no hope this time around in terms of ultimate *mmancipation and independance etc. selfish/childish.
- Bonnie: carefully trust her- feel she must be closely chesked up on in the way you would a bright, lazy child. not in touch with herself-too smart to be playing such games.
- Carol S.: trust her- but see her as dependant type. And unmotivated at times- slow. Good person tho- and very dedicated to the office.
- Jim M.: do not trust him- sorry. I feel he is too repressed- too controll ed for our own good. Passive hostile type.
- Rick C.-: do not trust him- ego maniac as most of the men- goody-goody creepy type. ugh!
- BarbC: do not trust her- they deserved each other- too ingrown

- June C: basically like her- and would like to trust her- but not any independent desision making- she needs to become more aware of her hostility and other emotions and work with and around them. Too quiet. and passive.
- Laura J.: opens mouth before thinking- but basically a good person.
 devoted to cause- but dependent, insecure type. spends too much time
 it seems on intectuallizing the revelotion as do most whites- and
 assessing their role in it. (all self involved to a bad extent)
 manipulating type- as a child would do. Irritating at times- but
 likable person.
- Laurie E.: irratating a good deal of the time. Whinney woman-flighty at times. Too intectually in a self oriented way. Basically trust her pesire to work for the R.
- Mert and Deana: do not trust either of them.
- Tim Carter: do mot trust him or even like him. I do feel he is sadistic-maybe not much more so than alot of others. Very chauvenistic-needs to suffer in a mose definite way. Too white, too intellectual.
- Tim C : do not know him- too repressed- too quiet- but he is new.
- Steve A.: do not trust him basically- tho he has stuck in there- I think it has been with little awareness. I feel he is tost this time around and will follow thru to the end with programming.
- Christine: one side of her is so likeable// the other so selfish and treasonous. Do not basically trust her because of this- tho I think she most definitely knows right from wrong and has a grasp of the theropy but too self-oriented// crazy- scitozphrenic- but seems to be that in a most controlling manner- manipalative-
- Rheavianna: do not trust her to be a socialist- she is an ingrained capitalist and self interest seeker- too family oriented
- Jack : goes without saying- no
- Ava B: don't know her- too quiet- (therefor can't trust her)
- Sus: trust her explicitly too this cause— and the office— but not to the people— in particular. she is a stable rock when the office is out of town— very capable— and has been more friendly since the last big trip everyone took to PL.
- Sharon A: trust explicitlity to stay and work in the cause-// her scatter-mindedness at times causes me concern. It seems to be admost thought pattern interruption. (doesn't happen often but does happen)
- Sandy B: trust her very much to stay// too moody- meloncholy etc.lets her has feelings (irrations etc.) shown too much. Trust her dedication to the office// but she doesn't like thepeople very much. Basic hostility would be bad if ever let loose- genuine hatred for men- and the system that had the unmitigated gaul to produce such monsters.
- Karen L: trust her to stay for good-// she is not the type of woman that I personally like- (too insipid emotionally at times etc.) but I respect her work and co-operation etc. Seems to be a good person.
- Carolyn: I miss her very much// she is prophably the person I felt the closest with in the work . (now MJ is close to talk to also) but I felt a defimite affinity with Carolyn. Respect her very much. And enjoyed talking and planning with her. But I would not mant her to have to come back to this mess- if she can be working in other waysthat I know would give her greater satisfaction. We can continue as is- don't feel any pressure that we need her here in this work- we can cont. as is-

Leona: respect her// haven't thought of her leaving- as much as checking out emotionally- (with her illness etc.) // trust her with \$ dept. and to her counsilling when she is into it. she has such hostility to white people- and in general- too repressed.

Jane M: was disappointed in her recent behavior but I feel she is a dependant typex person and not surprised. She is too white (as I feel alot of people we have are) and I think she has laziness tooshe is kind of pitiful type. Needs definite support (from women) to feel accepted.

Terry: trust her- but I have seen that frenzied side of her that worries me- when she is not extremely uptight- she is a rock// but I have seen her with that 'crayzness" and feel she needs to be in check- atleast with someone else helping with ultimate desicions// I have also though

she has been quick to make judgements on a decision in the past- and possibly had not thought it out well enought.

Wanda J.: don't trust her// but kind of feel sorry for her- her aging and abvious insecurities about her sexuality and individuality etc. are kind of sad/ but she is petty in her felating to women- but still I kind of like her- even tho she is a bitch.

Maureen: don't trust her at all// feels she defin ityle needs to be related to get under control- but she is so untrustworthy- I am not sure that is possible. She is a bitch- doesn't trust anyone I feel. too selfish and self assured- (I don't even think she is attractive- and she seems to feel she is so cursed with these good looks etc.) She is a smart bitch too. I worry about her.- If there is anything I can do there- I'd be glad to help if I can.

David: he is crazy- I think he should be sent away to the jungle maybe. We can surely find a person to replace him to oversee in L.A.- but he is definitely gone. Don't trust him at all - maybe hard work over there can burn it out of him..

Paul: needs to look at himself- feel he has basic allegence to office and the cause. But very young. and impulsive. Extremely chauvenistic.

Harold: goes without saying- don't trust him- or even like a marshmallow hair on his head.

Dorothyw.: don't trust her// don't know where she is- her 'health' bothers her so muhh and she feels she can check out on us. Don't trust that.

JR. Purifoy: he is so chauvenistic- the type that I feel if we took too much from him- that would be the last we would see of him- (too much I mean in the way of image) he will only face himself piece-meal.

Betty: has improved in facing JR.// but dont' trust her yet- too soon-dependant type etc.

Alice: too quiet- dont trust that/ Too repressed- esp. in hostility to whites (and authority)

Terry C.: like her- basically trust her.

Vicky: basically trust her// but she is no good at decisions- must be strictly controlled.

Anita: don't trust her too muck// she did pick Mike Ketley//

Maria: like her- and trust her to be with the cause (as long as she is alive)- am not sure how strong she is// so young and bastard father's influence.

Trisha: trust her emplicit; with the cause- but is very repressed- but

unless she really flipp out- she can maintain

- Harriet: don't trust her// too intellectual etc.
- Tom: don't trust him much// he left once- and he is basically is weak
- person- needs much control and programming.

 Dick T.: don't trust him to decisions- an ego maniac// but don't feel he would 'consciously' hurt the cause.
- Andy: insipid// weak// naive- but don't feel he either would'conscipusly' hurt the cause.- knows nothing about himself.
- Jean Brown: trust her emplicitly for the cause// like her very much// seems like a good person.
- Mary W: too quiet- don't know her too well// kind of like her and trust her dedication (the I feel it is limited at this point)
- Rita: don't trust her// she is too coniving and suspicious type- doubt that she really believes much about the work// weak, picky type pursondependent.
- Phyllis H.: I guess has shown some character with Danny- I feel she may be somewhat of a problem- but feel there is not choice.
- Kathy T.: basically trust her- she means well// but comes across selfrighteaous at times. Speaks before she speaks and doesn't think things out very well.

Rose has some more 'medicine' for you-sorry it took so long- as there was none to even order-because of the holidays. I will bring the second that I got next week (I assume things as scheduled unless I hear otherwise).

Is there anything else you need that - can pick up?

Also- f if LA happens to ask about my finances (as she has hinted about who was going to pay for the advanced trip of KL and PJ)- I will have to tell her something like I am getting supplies or something (?)- and I turn in my accounting to you. (as I can't really account for some things to anybody else).

(she knows I have worked with TB on getting some things in order re" bibles- so she may assume it is that- as I used to do that quite a bit).

It may not be a problem- but she knows I do not give my money to Maria- as she does..

(I will always have your medicine ordered ahead from now on- now that we know that works... so I plan on always having one in my trunk- so let me know if I am off schedule giving it to you. I Rose somethmes thinks that if you don't ask her directly for it- that you don't need it- so I never know if she gives it to you pronto or not)

when I called she got raskly apset getting hostile and told me to hang up that she hadn't bothered nobody out there and didn't want to take no shit from nobody etc.

I told her that we didn't think so- that we had been friendly- and we didn't think she would be comperating with this kind of element- but that we just wanted to ask her about it- and let her know.

The conversation was brief- she knew who I was the I

The conversation was brief- she knew who I was the I didn't say- and when I ended- I was not pressing her or anything- I just said well OK, and we both said good-bye and that was it.

But I thought . that we didn't necessarily want to have her get hostile with us- but we did: want her to stay away from Case- so I was not heavy at all- and was cordial. (I hope I wasn't too abliging to her)

(I called her first— then waited several hours just in case she was going to get in touch with Ross C.— so that he would have nothing to tell her in the way of also having received a call from us— giving away our stragedy move.)

ROSS CASE:

Won't be back until Mon. - will try then if you want.

called my office Weds, asking for our S.F. address-mailing- or street address: He said a woman who wanted to send J a thank you note for something he did- wanted the address- and she could get no one to answer the # she called for PT. I told him that I couldn't remember either one off hand- but took the womans name and # (It was Mrs. Martin- think the same as bosses wife-so I had Mike Klingman return her call and tell her J could be reached as 214 RV or S.F. box #.

Hubter also asked me specifically where Mike Prokes was and Dick Tropp- (he seemed kind of.nosey)- he also asked me for Tim Sooen's address- which I didn't have either. I told him Tropp was here a good deal 66 the time- but (assuming he already knew)- that Prokes was

WORK SHEET

1- CURRENT SELF-ANALYSIS:

2- LIST PEOPLE YOU FEEL MAY NEED SPECIAL COUNSELLING, CONSIDERATION, ETC. (due to some problem, pressure, concern etc. they may have- give specifics with each name)

3- SUGGESTIONS, CRITICISMS, and/or OBSERVATIONS:

BB-6-PPAPPP-1

I suggest having the entire PC fill out a short.

avaluation sheet each month— to be turned into
either CL or TB (say it is to be handed by them
directly to the office— and not to be handled by
anyone else— to insure privacy etc). These sheets
can be folded in half— and with name on the back—
and date— and them they can open them and staple
them together to J to read.

1- Current self-analysis: I feel that even if people lie about this- they still have to do some thinking- and even if they say what they think anyone wants to hear- we can still find patterns in their writing. And even can read between the lines to what they may really be feeling etc.

2- List people you feel may need special counselling, consideration etc. (due to some problem thank, pressure concern etc. they may he have-

give specifics with each name) (this is another way of perhaps saying- who do you feel is a potential traitor this week or month?)

3- Suggestions, criticisms, and/or observations:

(this may help people- esp. the quiet ones or periphsal- who may not feel they have access to the office. And they may feel they can more readily give their ideas in this way.)

Just a suggestions as to how we may notice traitorsin- the-making etc. before they really explode. It may not work at all.

I found when reading the P.L. evaluations— that patterns did show up even when different people wrote about the same person. etc.

I have a complete list of all the people in my stacks that we have anything at all on... and I have made the list to be given to HUGH FORTSON & RHONDA to see that "special letters" of invitation get sent to these people.

This list should be sent INDEPENDENTLY of any existing mailing that the L.A. people have already done.

We may not have alot on the people—but I figure if we have anything—it could be used at the end for alter call etc.— and atleast we will be getting some more people there and hopefully their \$\$\$ also.

The people who used to come- and don't anymore- I have been giving to PC to give special love to and a revelation. Then if they come- we can try to get an O/V or do a stop-by if necessary to get more info.

I will give you this list to give to RHONDA personally and maybe you can stress the importance of it- since obviously my influence on either Rhonda or Rosie B. is extremely limited (to say the least).

Also- Maybe you could ask publically for a list of all people in L.A. who would like to move to S.F. when we have the available space- and then ask for the list to be given to you.

(then maybe I can see that stop-by's or O/V's get done on these particular people so we will have something on them when they move up.

(But you will have to ask for it PERSONALLY- cause again they don't listen to my requests.)

If you would also ask for a CURRENT list of PASSPORTS from MAXINE- I need it- as I am pulling all the charts on the passport list to see that we have adequate info on the people who atleast PLAN on going to P.L.- Since- if we don't get enough info NOW- to maintain the D. of P. in the P.L. etc.- we will never get it.

I have also been making a push for PC to do IMVITES
